Chairman's Review

Dear Shareholders,

It is with immense pleasure that I present the Chairman's Review for the financial year ended June 30, 2025, in compliance with the requirements of Section 192 of the Companies Act, 2017. This report highlights the Company's strategic performance, key achievements, and the Board's role in guiding the Management towards fulfilling our corporate objectives for the benefit of all stakeholders.

The Financial Year 2025 was a period of strategic expansion and demonstrated excellence in capital market execution for LSE Capital Limited (LSECL). LSECL acted as the Transaction Advisory and Financial Structuring provider for several landmark listings on the Pakistan Stock Exchange (PSX), reinforcing our position as a trusted partner for both growth-stage and established businesses. The Company also executed key strategic investments aimed at long-term value creation. LSECL also secured an extensive financial advisory mandate which is disclosed in the directors' report.

These transactions mark a key milestone in our capital markets journey. At LSE Capital, we don't just advise; we deliver structure, strategy, and success, once again demonstrating our prowess in swiftly delivering optimal financial solutions and efficient execution capabilities for the value creation of our clients.

The overall performance of the Board was fully compliant with the requirements of the Companies Act, 2017, and the Code of Corporate Governance Regulations. The Directors performed their duties diligently and effectively, always acting in the best interest of the Company and its stakeholders. The Board routinely reviewed, discussed, and approved the Company's business strategies, corporate objectives, plans, and financial statements. The Board ensured adequate representation of non-executive and independent directors on the Board and its committees, implementing the requirements of the Code in its true letter and spirit. All significant issues were presented before the Board or its committees to strengthen and formalize the corporate decision-making process. Importantly, all related-party transactions executed by the Company were approved by the Board following the recommendations of the Audit Committee. The Board confirmed that a sound system of internal controls is in place, recognizing that well-defined corporate governance processes are vital in enhancing corporate accountability and preserving stakeholder value.

On behalf of the Board, I extend my deepest gratitude to all our employees for their hard work and contributions to the Company's success. I also wish to thank our outgoing directors, shareholders, business partners, and all other stakeholders for their continued confidence and unwavering support.

Thank You.

-Sd-

Chairman

چيئر مين كاجائزه

معزز شيئر ہولڈرز،

یہ بہت خوشی کی بات ہے کہ میں 30 جون 2025 کو ختم ہونے والے مالی سال کے لیے کمپینز ایکٹ 2017 کے سیشن 192 کے تقاضوں کی تغییل میں چیئر مین کا جائزہ پیش کر رہا ہوں۔ بیر پورٹ کمپینی کی اسٹریٹ کار کردگی، کلیدی کامیابیوں، اور تمام اسٹیک ہولڈرز کے فائدے کے لیے ہمارے کارپوریٹ مقاصد کو پورا کرنے کی سمت مینجنٹ کی رہنمائی میں بورڈ کے کر دار کواجا گر کرتی ہے۔

مالی سال 2025 اسٹریٹجب توسیع کا دور تھا اور اس نے ایل ایس ای کیپٹل لمیٹڈ (ایل ایس ای سی ایل) کے لیے کیپٹل مارکیٹ پر عمل در آمد میں بہترین کارکردگی کا مظاہرہ کیا۔ ایل ایس ای سی ایل نے پاکستان اسٹاک ایکھینچ (پی ایس ایکس) پر کئی تاریخی کسٹنگ کے لیے ٹر انزیکشن ایڈوائزری اور فنانشل اسٹر کچرنگ فراہم کنندہ کے طور پر کام کیا جس سے ترقی کے مرحلے اور قائم کاروبار دونوں کے لیے ایک قابل اعتاد شر اکت دار کے طور پر ہماری پوزیشن کو تقویت ملی۔ کمپنی نے طویل مدتی قدر پیدا کرنے کے مقصد سے کلیدی اسٹریٹو بھی حاصل کیا جس کا انگشاف ڈائریکٹر ز کی کر پورٹ میں کیا گیا ہے۔

یہ لین دین ہمارے سرمایہ بازار کے سفر میں ایک اہم سنگ میل کی نشاندہی کرتے ہیں۔ایل ایس ای کیپٹل میں،ہم صرف مشورہ نہیں دیے ہیں۔ہم ڈھانچہ، حکمت عملی اور کامیابی فراہم کرتے ہیں،ایک بار پھراپنے کلا کنٹس کی قدر سازی کے لیے زیادہ سے زیادہ مالیاتی حل اور موثر عمل در آمد کی صلاحیتوں کو تیزی سے فراہم کرنے میں اپنی صلاحیت کا مظاہرہ کرتے ہیں۔

بورڈی مجموعی کارکردگی کمپینزامیک، 2017 اور کوڈ آف کارپوریٹ گور ننس ریگولیشنز کی ضروریات کے مطابق تھی۔ ڈائر کیٹرزنے اپنے فرائض کو تند ہی اور موثر طریقے سے انجام دیا، ہمیشہ کمپنی اور اس کے اسٹیک ہولڈرز کے بہترین مفاد میں کام کیا۔ بورڈ با قاعدگی سے کمپنی کی کاروباری حکمت عملیوں، کارپوریٹ مقاصد، منصوبوں اور مالی بیانات کا جائزہ لیتا ہے، ان پر تبادلہ خیال کرتا ہے اور ان کی منظوری دیتا ہے۔ بورڈ نے بورڈ اور اس کی کمیٹیوں میں غیر انگزیکٹواور آزاد ڈائر کیٹرز کی منظور کا دیتا ہے۔ بورڈ نے بورڈ اور اس کی کمیٹیوں میں غیر انگزیکٹواور آزاد ڈائر کیٹرز کی مناسب نمائندگی کو یقینی بنایا، اور ضا بطے کی ضروریات کو اس کے حقیقی معنوں میں نافذ کیا۔ کارپوریٹ فیصلہ سازی کے عمل کو مضبوط اور با قاعدہ بنا نے کے لیے بورڈ یا اس کی کمیٹیوں کے سامنے تمام اہم مسائل پیش کیے گئے۔ اہم بات سے ہے کہ سمپنی کے ذریعے کئے گئے تمام متعلقہ فریق لین دین کو آڈٹ کمیٹی کی سفار شات کے بعد بورڈ نے منظور کیا تھا۔ بورڈ نے اس بات کی تصدیق کی کہ داخلی کنڑول کا ایک مضبوط نظام موجود ہے، اس بات کو تسلیم کرتے ہوئے کہ کارپوریٹ گورنس کے اچھی طرح سے طشدہ عمل کارپوریٹ جوابدگی کو بڑھانے اور اسٹیک ہولڈرز کی قدر کو بر قرار رکھنے میں اہم ہیں۔

بورڈ کی جانب ہے، میں اپنے تمام ملاز مین کاان کی محنت اور کمپنی کی کامیابی میں شراکت کے لیے دل کی گہرائیوں سے شکریہ اداکر تاہوں۔ میں اپنے سبکدوش ہونے والے ڈائر کیٹرز، شیئر ہولڈرز، کاروباری شراکت داروں اور دیگر تمام اسٹیک ہولڈرز کاان کے مسلسل اعتماد اور غیر متز لزل حمایت کے لیے بھی شکریہ اداکر ناچا ہتاہوں

Directors' Report

We are pleased to present the Directors' Report of LSE Capital Limited (PSX ticker: LSECL), together with the Annual Audited Financial Statements for the year ended June 30, 2025, accompanied by the Auditors' Report, thereon.

Economic Review FY 2024-25:

The global economic landscape continues to be shaped by moderation, with projected world growth slowing to 2.8% in 2025 amid rising geopolitical tensions, trade frictions, and heightened exchange rate volatility. Despite this volatile international backdrop, the domestic economy of Pakistan maintained its upward trajectory in FY 2025, recording an annual GDP growth of 2.68%, driven by effective macroeconomic management and a stabilization across key indicators. Crucial to this turnaround was the sharp reduction in inflation. Fiscal discipline also saw marked enhancement, highlighted by the achievement of a historic primary surplus of 3.0% of GDP for July-March FY 2025. On the external front, the account witnessed a remarkable reversal, shifting to an unprecedented US\$ 1.9 billion surplus during July-April FY 2025, supported by improved export performance and record remittance inflows, setting a firm foundation for a higher growth path.

This stabilization directly translated into a significant revival of investor confidence, most notably in the capital markets, where Pakistan's equity market outperformed world stock markets. The benchmark KSE-100 Index registered a phenomenal growth of 57.79%, surging from 78,824 points to 124,379 points. This unprecedented performance is attributed to robust corporate earnings, the declining policy rate, and the stable macroeconomic environment. Broadly, investor activity is underscored by a 27.5% rise in company incorporations and the industrial sector demonstrated resilience, posting a growth of 4.77% in FY 2025, driven by a recovery in the manufacturing segment.

Operational Review:

LSECL acted as the Transaction Advisory and Financial Structuring provider on multiple landmark listings at the Pakistan Stock Exchange during the year. These include Ghani Chem World Limited (GCWL) and Mughal Steel Class C Shares – listed on the Main Board. Moreover, Nets International Communication Limited (NETS) and The Pakistan Credit Rating Agency (PACRA) – listed on the GEM Board of PSX.

LSECL has completed the acquisition of 10% shares of Jamshoro Joint Venture Limited ("JJVL"). It may be mentioned that JJVL has recently entered into an agreement with Sui Southern Gas Company Limited ("SSGC") for the restart of LPG production, which will make JJVL the largest private sector LPG producer in Pakistan. The Company has also acquired 2.5% equity stake in Digital Custodian Company Limited.

LSECL has signed an extensive financial advisory mandate with Kaizen, the landlord for the two of the most modern outlets of daftarkhawan in Lahore. Under this advisory mandate, the investment property portfolio of different Kaizen companies shall be centralized under a REIT Management Company and placed in a REIT Scheme, which will become a PSX listed instrument. With the new mandate, LSE Capital Limited, shall once again be able to demonstrate its prowess in swiftly delivering optimal financial solutions and efficient execution capabilities for the value creation of its clients.

These transactions mark a key milestone in our capital markets journey, reinforcing our position as a trusted partner for growth-stage and established businesses navigating the PSX. At LSE Capital, we don't just advise, we deliver structure, strategy, and success.

Financial Performance: Financial Highlights:

Rupees in '000'	2025	2024

ڈائر یکٹرز کی ربورٹ

ہمیں LSE کیپٹل کمیٹڈ (PSX) کر (LSECL) کے ڈائر کیٹرز کی رپورٹ، 30 جون 2025 کو ختم ہونے والے سال کے سالانہ آڈٹ شدہ مالیاتی گو شواروں کے ساتھ، آڈیٹرز کی رپورٹ کے ساتھ پیش کرتے ہوئے خوشی ہورہی ہے۔

معاشى جائزهالى سال 2024-25:

عالمی اقتصادی منظرنامے کی تشکیل اعتدال سے جاری ہے، 2025 میں بڑھتے ہوئے جغرافیائی سیاسی تناؤ، تجارتی تنازعات، اور شرح مبادلہ کے اتار چڑھاؤکے در میان متوقع عالمی نمو 2.8 فیصد تک کم ہو جائے گی۔ اس غیر مستحکم بین الاقوامی پس منظر کے باوجود، پاکستان کی ملکی معیشت نے مالی سال 2025 میں اپنے اوپر کی رفتار کو برقرار رکھا، جس میں 2.68 فیصد کی سالانہ GDP نمور یکارڈ کی گئ، جو کہ موثر میکروا کنامک مینجمنٹ اور کلیدی اشاریوں میں استحکام کی وجہ سے ہے۔ اس تبدیلی کے لیے اہم افراط زر میں کی تھی۔ مالیاتی نظم وضبط میں بھی نمایاں اضافہ دیکھا گیا، جو کہ جولائی تامارچ مالی سال 2025 کے لیے جی ڈی پی کے 3.0 کی گئ تامارچ میں کی تھی۔ مالیاتی نظم وضبط میں بھی نمایاں اضافہ دیکھا گیا، جو کہ غیر معمولی 1.9 گئی بلین سرپلس کی طرف منتقل ہوا، جولائی۔ سرپلس کے حصول سے نمایاں ہوا۔ بیرونی محاذ بہتری اور کار کردگی میں بہتری آئی۔ ترسیلات زرکی آمد، اعلی ترتی کے دوران بر آمدات میں ریکارڈ بہتری اور کار کردگی میں بہتری آئی۔ ترسیلات زرکی آمد، اعلی ترتی کے داستے کی مضبوط بنیاد قائم کرتی ہے۔

اس استحکام نے براہ راست سرمایہ کاروں کے اعتاد کی ایک اہم بحالی میں ترجمہ کیا، خاص طور پر کیپٹل مارکیٹوں میں، جہاں پاکستان کی ایکو بٹی مارکیٹ نے عالمی اسٹاک مارکیٹوں میں، جہاں پاکستان کی ایکو بٹی مارکیٹ نے عالمی اسٹاک مارکیٹوں کو پیچیے جھوڑ دیا۔ بیٹنی مارک رکھ کا انڈیکس نے 57.79 فیصد کی غیر معمولی نمو درج کی، جو 78,824 پوائنٹس سے بڑھ کر 100 کاروں کی بڑھ کی وجہ مضبوط کارپوریٹ آمدنی، گرتی ہوئی پالیسی کی شرح اور مستخدم معاشی ماحول ہے۔ موٹے طور پر، سرمایہ کاروں کی سرگرمیوں کو ممینی نے کارپوریشنز میں 27.5 فیصد اضافے سے نمایاں کیا گیا ہے اور صنعتی شعبے نے لچک کا مظاہر ہ کیا، مالی سال 2025 میں 4.77 فیصد اضافیہ ہوا، جس کی وجہ مینو فیکچر نگ سیکٹ میں بحال ہے۔

آپریشنل جائزه:

ایل ایس ای سی ایل نے سال کے دوران پاکستان اسٹاک ایکھینی میں متعدد تاریخی فہرستوں پرٹر انز بکشن ایڈوائزری اور فٹانشل اسٹر کچر نگ فراہم کنندہ کے طور پر کام کیا۔ ان میں غنی کیم ورلڈ لمیٹڈ (GCWL) اور مغل اسٹیل کلاس سی کے حصص شامل ہیں-جو مین بورڈ میں درج ہیں۔مزید برآں،نیٹ انٹر نیشنل کمیونیکیشش لمیٹڈ (NETS)اور پاکستان کریڈٹ رٹینگ ایجبنبی PSX - (PACRA) کے GEM بورڈ میں درج ہیں۔

LSECL نے جامشور وجوائٹ وینچر لمیٹڈ ("JJVL") کے 10% حصص کا حصول مکمل کرلیا ہے۔واضح رہے کہ جے جو دی ایل نے حال ہی میں ایل پی بی کی پیداوار دوبارہ شروع کرنے کے لیے سوئی سدرن گیس کمپنی لمیٹڈ ("SSGC") کے ساتھ ایک معاہدہ کیا ہے، جس سے مال سب سے بڑاایل پی جی پر وڈیو سربن جائے گا۔ کمپنی نے ڈیجیٹل کسٹوڈین کمپنی لمیٹڈ میں 2.5% ایکویٹی حصص بھی حاصل کرلیا ہے۔

ایل ایس ای سی ایل نے ایک و سیعی مالیاتی مشاورتی مینڈیٹ پر دستخط کیے ہیں۔ کیزنلامور میں دفتر خوان کے دوجدید ترین دکانوں کا مالک مکان۔ اس ایڈوائزری مینڈیٹ کے تحت سرمایہ کاری کی جائیداد کا پورٹ فولیو مختلف ہے۔ کیزن کمپنیوں کو REIT مینجنٹ کمپنی کے تحت سرمایہ کا اور REIT اسلیم میں رکھا جائے گا،جو کہ ایک PSX درج شدہ آلہ۔ نئے مینڈیٹ کے ساتھ، ایل ایس ایک کیپٹل کمیٹڈ، ایک بارپھر اپنے کلائنٹس کی قدر پیدا کرنے کے لیے تیزی سے زیادہ سے زیادہ الیاتی حل اور موثر عملدر آمد کی صلاحیتوں کی فراہمی میں اپنی صلاحت کا مظاہرہ کرنے کے قابل ہوگا۔

یہٹر انز کیشنز ہماری کیپٹل مارکیٹس کے سفر میں ایک اہم سنگ میل کی نشاند ہی کرتی ہیں، جو کہ ترقی کے مرحلے اور PSX پر تشریف لے جانے والے کار وبار کے لیے ایک قابل اعتماد پارٹنز کے طور پر ہماری پوزیشن کو مضبوط کرتی ہے۔ LSE کیپٹل میں، ہم صرف مشورہ نہیں دیتے، ہم ڈھانچیہ، حکمت عملی اور کامیابی فراہم کرتے ہیں۔

ڈیویڈنڈ

متنقبل كاآؤث لك

LSECL ایک اہم مالیاتی خدمات کے پلیٹ فارم کے طور پر ابھراہے۔ ہم اپنے کلا ئنٹس اور اسٹیک ہولڈرز کے لیے قدر کو غیر مقفل کرنے کے لیے اپنی مہارت کو بروئے کارلاتے ہوئے پاکستان کی کیپٹل مارکیٹ میں پائیدار ترقی کو آگے بڑھانے کے لیے پرعزم ہیں۔ ایل ایس ای سیال انضام اور حصول کے سودے ایڈوائزری، کارلوریٹ فنانس اور ری اسٹر کچرنگ ٹرانزیکشن سروسز میں بہترین کارکردگی کا مظاہرہ کرے گاکیونکہ بید پیچیدہ مینڈیٹ کو سنجالنے کے لیے جانا جاتا ہے جس میں اختراعی ڈھانے اور آؤٹ آف دی باکس لین دین کے انظامات کی ضرورت ہوتی ہے۔

بیرونی آڈیٹرز کی تقرری

موجودہ آڈیٹرز، M/s. کرسٹن حیدر بھیمجی اینڈ کمپنی، چارٹرڈاکاؤنٹنٹس، موجودہ مدت کے اختقام پرریٹائر ہورہے ہیں۔ آڈیٹرز کی تقرری/دوہارہ تقرری اوران کے معاملہ انگی مدت کے لیے سالانہ جزل میٹنگ (AGM) میں منظوری کے لیے شیئر ہولڈرز کو بھیج دیا گیا ہے۔

اندرونی مالیاتی کنژول

بورڈ نے مناسب طریقے سے اس بات کو یقینی بنایا ہے کہ اندرونی مالیاتی کنڑول کا نظام ڈیزائن کے لحاظ سے درست ہے اور اندرونی آڈیٹر زکے ذریعے مؤثر طریقے سے لا گواور نگرانی کی گئی ہے۔

كاربوريث كورننس كاضابطه

کوڈ آف کارپوریٹ گورننس کی ضروریات، جیسا کہ سیکیورٹیزائیڈ ایمپینچ کمیشن آف پاکستان نے متعارف کرایا ہے اور پاکستان اسٹاک ایمپینچ کمیٹڈ نے اس کے لسٹنگ رولز میں متعین کیا ہے۔اس سلسلے میں ایک بیان رپورٹ کے ساتھ منسلک ہے۔

فى آپ كى كىپنى كابور داتف دائر يكثر زآپ كويقين دلاتا كه:

· مالی بیانات،اس کی حالت،اس کے کامول کا نتیجہ، نقدی کے بہاؤاورا یکویٹی میں ہونے والی تبدیلیوں کو منصفانہ طور پر پیش کرتے ہیں۔

اکاؤنٹ کی مناسب کتابیں آپ کی کمپنی نے رکھی ہیں۔

· مناسب اکاؤنٹنگ پالیسیاں آپ کی کمپنی کی طرف سے مالیاتی بیانات کی تیاری میں مستقل طور پر لا گو ہوتی ہیں ،اور اکاؤنٹنگ کے تخمینے معقول اور دانشمندانہ فیصلے پر مبنی ہوتے ہیں۔

ان مالیاتی گوشواروں کی تیاری میں بین الا قوامی اکاؤنٹنگ معیارات، جیسا کہ پاکستان میں لا گوہوتا ہے، کی پیروی کی گئی ہے اور وہاں سے کسی بھی روانگی، اگر کوئی ہے، مناسب طور پر ظاہر کیا گیا ہے۔

اندرونی کنژول کانظام، جوآپ کی تمپنی میں لا گو کیا جارہاہے، درست ہے اور پورے سال مؤثر طریقے سے بر قرار ہے۔

· آپ کی ممپنی کی مالی حالت کو مد نظر رکھتے ہوئے، ہمیں اس کے جاری رہنے پر کوئی خاص شک نہیں ہے۔

زیر نظر سال کے دوران کارپوریٹ گورننس کے بہترین طریقوں سے بھی کوئی مادی اخراج نہیں ہوا، جبیہا کہ فہرست سازی کے ضوابط میں تفصیل سے بتایا گیا

کار پوریٹ سائی ذمدداری اور ماحولیاتی انتظام اور ESG خطرات سے متعلق مقاصد

کمپنی تعلیم، صحت کی دیکھ بھال اور تحفظ احولیات ہے متعلق اپنی توجہ مرکوز سرگرمیوں کو یقینی بنانے کے ساتھ ساتھ CSR اور ماحولیاتی نظم و نسق کے پروگراموں کو شروع کرنے اور ان کی نگرانی کرنے کے لیے سال بھر پرعزم اور مصروف رہی۔اس کے مطابق، کمپنی کا بورڈ کمپنی کے تمام اسٹیک ہولڈرز کے لیے قابل قدر قدر پیدا کرنے کے عزم کے ساتھ کمپنی کے ان مقاصد کے پیچھے کھڑا ہے اور یہ بھی یقینی بنانے کی کوشش کرتاہے کہ بیدا یک ذمہ دار کارپوریٹ شہری کے طور پراہل ہو۔

اینٹی ہراسمنٹ

کمپنی کے پاس ایک جامع طریقہ کار ہے۔ مخالف ہر اسال کرنا اس بات کو نقین بنانے کے لیے کہ کسی بھی قسم کی کام کی جگہ پر ہر اسال کیے جانے سے نمٹا جائے اس بات کو نقینی بنانے کے لیے کہ کمپنی کے تمام ملاز مین کوان کی صنف اور پوزیش سے قطع نظر ایک محفوظ اور باعزت ماحول میں کام کرنے کاموقع ملے۔ ملاز مین کی حوصلہ افٹرائی کی جاتی ہے کہ وہ ایس شکایات کی اطلاع محکمہ HR کو خفیہ طور پر دیں تاکہ منصفانہ تفتیش کی جاسکے۔

جينڈرپے گيپ

کمپنی پر عزم ہے کہ کمپنی کے تمام ملازمین کے ساتھ مساوات اور انصاف کے ساتھ برتاؤ کیاجاتا ہے اور کمپنی کے اندر تنخواہ میں صنفی فرق نہیں ہوناچاہیے۔اس کے مطابق ملازمین کے معاوضے کا نعین تجربہ، سنیار ٹی، ذمہ داریوں اور کار کردگی کی بنیاد پر ابغیر کسی صنفی امتیاز کے کیاجاتا ہے۔

INDEPENDENT AUDITOR'S MODIFIED REVIEW REPORT

To the members of LSE Capital Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of LSE Capital Limited for the year ended June 30, 2025 in accordance with the requirements of regulation 36 of the Regulations. The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

The following instances of non-compliance with the requirements of the Regulations were observed which are not appropriately stated in the Statement of Compliance:

- a) There is only one person assigned with the role of head of internal audit function without any other member and accordingly there is no internal audit department in existence in the company. Hence, the role and functions of internal audit as defined in Regulation 31(4) of the Code of Corporate Governance Regulations, 2019 are complied with in letters and not in spirit.
- b) No arrangements were in place in the company to ensure that the continued findings as highlighted by the head of internal audit to the audit committee in its meetings have been duly resolved and complied with to have effective internal control system and to have its due utility.

Based on our review, except for the above instances of non-compliance, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the Regulations as applicable to the Company for the year ended June 30, 2025.

Further, we highlight below instances of non-compliance with the requirements of the Regulations as reflected in the paragraph reference where these are stated in the Statement of Compliance:

Amin Building, 65 - The Mall, Lahore. Phone: 042-37352661-37321043 Email: krestonhb@gmail.com

Paragraph in Statement of Compliance:

Reference

No. 19

Description

Regulation No. 19:

The directors are required to acquire the director training, which shall be arranged to have their director training program certification within the period of one year, as required under the relevant regulations.

Regulation No. 29 (1):

The responsibilities as prescribed for the Nomination Committee are being taken care of at Board level as and when needed, so a separate committee is not considered to be necessary at present.

Regulation No. 30 (1):

The Board has tasked the Audit Committee to oversee Risk Management related matters of the Company, therefore a separate committee has not been constituted.

Regulation No. 27 (2):

The Audit Committee meets quarterly to review quarterly financial statements. Since, the fourth quarter completes the financial year i.e., as on June 30th, the Committee's final meeting is to review the prepared and audited annual accounts including the fourth quarter.

Regulation No. 6(1):

The Board of Directors comprises seven members, including the CEO. In compliance with the requirement for independent directors to constitute at least one-third (1/3) of the total, the Board has two (2) independent directors. To maintain optimal size of the Board and decision-making efficiency, the company has not rounded up the fractional requirement and considered it up to the nearest whole number.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LSE CAPITAL LIMITED REPORT ON THE AUDIT OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the annexed unconsolidated financial statements of LSE CAPITAL LIMITED (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2025 and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2025 and of the profit, its comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the unconsolidated financial statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Amin Building, 65 - The Mall, Lahore.

Phone: 042-37352661-37321043 Email: krestonhb@gmail.com

Following are the Key Audit Matter(s):

Key Audit Matter(s)

How the Matter was Addressed in our audit

Investments and financial assets

Refer to notes 6 and 11 of the unconsolidated financial statements.

The carrying amount of investments and financial assets held by the Company amounted to Rs. 1,557.137 million which constitutes 44.13% of the total assets as at June 30, 2025.

The significant portion of investments comprise of investment in subsidiary company, associates, listed & unlisted equity securities and musharika financing.

Investments and other financial assets are carried under equity method, fair value or amortized cost in accordance with the Company's accounting policy relating to their recognition and measurement. Provision against investments is based on impairment policy of the Company which includes both subjective and objective factors.

We identified assessing carrying value of the investment as a key audit matter because of its significance to the unconsolidated financial statements and because assessing the fair value and the key impairment assumptions involves a significant degree of management judgement.

- Assessed the design and tested the operating effectiveness of key controls in place relating to valuation of investments;
- Checked on a test basis the valuation of investments, recognition of proportionate share of post-acquisition post tax profits and other comprehensive income of investees as recorded in the general ledger to supporting documents, externally quoted market prices, break-up values, etc.
- Checking the existence of shares from the Central Depository Company's report.
- Obtained independent confirmations for verifying the existence of investments portfolio as at June 30, 2025 and reconciled it with the books and records of the Company. Where such confirmations were not available, alternate procedures were performed;
- Obtained duly executed musharika financing covenant entered into with the party and checked underlying terms & conditions attaching thereto as regards to amount of loan, tenor, pricing and collateral requirements;
- Obtained independent confirmation from the third party for verifying the existence and valuation of musharika finance provided as at June 30, 2025 and reconciled it with the books and records of the Company;
- Evaluated the Company's assessment for impairment, if any including those securities that are not traded actively in market in accordance with the accounting and reporting standards as applicable in Pakistan and performed an independent assessment of the assumptions and conclusions; and

Considered the Company's disclosures of investments in accordance with the requirements of the accounting and reporting standards as applicable in Pakistan.

Information Other than the Unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the unconsolidated financial statements and our auditor's report thereon.

Amin Building, 65 - The Mall, Lahore.

Phone: 042-37352661-37321043 Email: krestonhb@gmail.com

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to Influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ldentify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of Internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's Internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Amin Building, 65 - The Mall, Lahore. Phone: 042-37352661-37321043

Email: krestonhb@gmail.com

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation procedures public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of a) 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- Investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Muhammad Usman Shah, FCA.

LSE CAPITAL LIMITED

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2025

1 Legal Status and its Nature of Business

1.1 Legal status and operations

LSE Capital Limited is the newly adopted name of the Modaraba Management Company, which was registered as JS Finance Limited on Jan 22, 1986. The company's name was changed to Bank Islamic Modaraba Investments Limited (BIMIL) after the acquisition of its 100% equity by Bank Islamic Limited during November 07, 2007.

After the acquisition of BIMIL by the incoming sponsors, the company was first named AssetPlex Limited but later changed its name to LSE Capital Limited during 2023. Later, under the Court sanctioned scheme of merger, Modaraba Al-Mali and LSE PropTech Limited were merged with/into LSE Capital Limited, which acquired the listing status at PSX on May 24,2024 as a consequence of its merger. The Company is licensed as a Modaraba Management company, besides carrying the license to act as a consultant to the issue for the IPOs and corporate finance advisory services.

The company also holds the licenses of Modaraba Management Company as well as the Consultant to the Issue. It managed the erstwhile Modaraba Al-Mali, which was merged in LSE Capital on April 03, 2024 under sanctioned merger order of Lahore High Court no. 72878 / 2023 dated April 03, 2024.

The company's registered office is located at The Exchange Hub, LSE Plaza, 19, Khayaban-e-Aiwan-e-Iqbal, Lahore.

The geographical location and address of the Company is as under:

Business Unit

Geographical Location

Head office / Registered Office

The Exchange Hub, LSE Plaza, 19, Khayaban-e-Aiwan-e-Iqbal, Lahore.

2. Basis of Preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These financial statements provide comparative information in respect of the previous year. In addition when there is a retrospective application of an accounting policy, a retrospective restatement, or a reclassification of items in the financial statements has been made.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention without taking into account the effects for inflation or current values, except to the extent of following:

	Note	
Net investment in finance lease	8	(stated at Present value)
Certain property and equipment	4	(stated at Fair value)
Investment property	7	(stated at Fair value)
Financial Assets	11	(stated at Fair value and certain at amortized cost)
Trade and other receivables	12	(stated at carrying amount less impairment for expected credit loss)
Investment in associates	6	(stated at equity method)
Inventories	10	(stated at lower of cost and net realizable value)
Certain liabilities and payables	23	(stated at amortized cost)
Deferred tax liability	22	(stated as per IAS-12 "Income taxes")
Provisions	23.3	(stated as per best estimate)
Right of use asset	5	(stated at present value of future lease payments)
Lease liability	20	(stated at present value of future lease payments)

2.3 Presentation and functional currency

These financial statements are prepared and presented in Pak Rupees (Rs.) which is the Company's functional and presentation currency. In these financial statements, all the figures have been rounded off to the nearest thousand of Rupees, unless otherwise stated.

2.4 Use of significant accounting judgement, estimates and assumptions

The preparation of financial statements in conformity with accounting and reporting standards, as applicable in Pakistan, requires the use of certain critical accounting estimates. It also requires the management to exercise its judgments, make estimates and assumptions in the process of applying the company's accounting policies that affect the reported amounts of assets, liabilities, income and expenses. These estimates and related assumptions are continually evaluated and are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources.

These estimates and related assumptions are reviewed on an ongoing basis. Accounting estimates are revised in the period in which such revisions are made. In the process of applying the company's accounting policies, management has made the following estimates and judgments which are significant to these financial statements:

Property and equipment

The depreciation method and useful lives of property and equipment are reviewed by the management, at each financial year-end and these estimates are adjusted or revised if appropriate. The effect of any adjustment to useful lives and methods of these estimates are recognized prospectively or revised as a change in accounting estimate. In making these estimates, the Company uses the technical resources available with it. Any change in the estimates in the future might affect the carrying amount of respective item of property and equipment, with corresponding effects on the depreciation / amortization charge and impairment, if any.

Impairment of non-financial assets

The Company assesses at each reporting date whether there is any indication that property and equipment are impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include historical collection rates and forward looking information for macro economic factors i.e. interest rates, inflation rates, unemployment rates, GDP rates etc.

Impairment of financial assets

Impairment of financial assets is assessed by reviewing their market prices and the indicators used to determine the recoverable amounts of the financial assets. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

Provisions

Provisions are based on best estimate of the expenditure required to settle the present obligation at the reporting date, that is, the amount that the Company would rationally pay to settle the obligation at the reporting date or to transfer it to a third party.

Stores and spares

Provision for slow moving, damaged and obsolete items and their net realizable value are based on management estimate.

Staff retirement benefits

The company considers the salary scale of each employee eligible under the provident fund scheme and its employment status on monthly basis to ensure the adequacy of expense and related liability on account of provident fund.

Income taxes

In making the estimates for current and deferred income taxes, the management considers current income tax law and the decisions of appellate authorities on certain cases issued in the past. These estimates also include impacts of the decisions of appellate authorities about the benefits that become recoupable upon any change in tax structure of the Company.

Kum

Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence / non-occurrence of the uncertain future events.

Valuation of investments measured at FVPL

The Company has recorded its investments measured at FVPL by using quotations from Pakistan Stock Exchange. This valuation is subjective to market price fluctuation and therefore, cannot be determined with precision.

Investment in Subsidiaries and Associates

Investment in subsidiaries are carried under cost whereas investment in associates is accounted for under equity method in accordance with the Company's accounting policy relating to their recognition and measurement. Provision against investments is based on impairment policy of the Company which includes both subjective and objective factors.

Investment Property

The assessment of fair value is subjective and is dependent on various factors including but not limited to; survey's of similar properties in the neighborhood by the valuer, demand and market conditions, location and vicinity of the property, sale and purchase trend prevalent in the market, inflation and growth rates etc. The effect of any changes in estimate is accounted for on a prospective basis. Further, determining adjustments for any differences in nature, location and condition of the investment property involves significant adjustment.

However, the management believes that the change in outcome of estimates would not have a material effect on the amounts disclosed in these financial statements.

- 2.5 New standards, interpretations of and amendments to published approved accounting standards
- 2.5.1 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current year:

There are certain amendments to the published approved accounting standards that are effective in the current year. However, these do not have any significant impact on the Company's operations and, therefore, have not been detailed in these financial statements.

		Effective date (annual periods beginning on or after)
	Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions	January 01, 2024
	Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2024
	Amendments to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants	January 01, 2024
	Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements	January 01, 2024
2.5.2	Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements New accounting standards, amendments and interpretations that are not yet effective	January 01, 2024
	There are certain other new and amended standards, interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or will not have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements.	
	Amendments to IFRS 7 'Financial Instruments: Disclosures' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
	Amendments to IFRS 9 'Financial Instruments' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
	Amendments to IFRS 10 'Consolidated financial statements'	January 01, 2026
	Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates' - Lack of Exchangeability	January 01, 2025
	IFRS 17 Insurance Contracts	January 01, 2026
	IAS 7 (Statement of Cash Flows)	January 01, 2026
	IFRS 18 'Presentation and Disclosures in Financial Statements'.	January 01, 2027
	IFRS 19 'Subsidiaries without Public Accountability: Disclosures'.	January 01, 2027
	IFRS S1 'General Requirements for Disclosure of Sustainability-related Financial Information'.	January 01, 2027
	IFRS S2 'Climate-related Disclosures'.	January 01, 2027

2.5.3 In addition to the above, the IASB has issued the following standards and interpretations which, as of June 30, 2025, have not been notified by the Securities and Exchange Commission of Pakistan (SECP) for local adoption. The Company will evaluate the impact of these pronouncements once they are notified for application in Pakistan.

IFRS 1 First-time Adoption of International Financial Reporting Standards

IFRIC 12 Service Concession Arrangements

3. Material Accounting Policy Information

The accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied for all accounting periods presented, unless otherwise stated.

3.1 Property and equipment

Recognition and measurement

Property and equipment, except freehold land and building on freehold land, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Freehold land and building on freehold land is stated at revalued amount, being the fair value at the date of their revaluation, less subsequent accumulated impairment losses, if any.

Cost of property and equipment consists of historical cost, borrowing cost pertaining to the construction and erection period and directly attributable costs of bringing the assets to their working condition.

Freehold land and buildings on freehold land are revalued every three to five years. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset. Additions, subsequent to revaluation, are stated at cost less accumulated depreciation and any identified impairment loss.

Any revaluation increase arising on the revaluation of land and buildings on freehold land is recognized in other comprehensive income and presented as a separate component of equity as "Surplus on revaluation of property and equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognized in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of land and building on freehold land is charged to statement of profit or loss to the extent that it exceeds the balance, if any, held in the surplus on revaluation of property and equipment relating to a previous revaluation of that asset.

Each year, the incremental depreciation and its related deferred taxation, the difference between depreciation based on revalued carrying amount of the asset and depreciation based on the asset's original cost, is transferred from surplus on revaluation of property and equipment to retained earnings. All transfers from surplus on revaluation of property and equipment are net of applicable deferred taxation. Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred to retained earnings.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and cost of the item can be measured reliably. All other day to day maintenance and normal repairs are charged to statement of profit or loss as and when incurred. Gains or losses on disposal of property and equipment are included in profit or loss.

Depreciation

Depreciation on property and equipment, except land, is charged to statement of profit or loss on the reducing balance method so as to write off the depreciable amount of an asset over its economic useful life using the annual rates mentioned in note 5.1. Depreciation on additions is charged from the month in which the asset is available for use, whereas no depreciation is charged on assets disposed off during the month.

Impairment

Where carrying amounts exceed the respective recoverable amount, assets are written down to their recoverable amounts and the impairment loss is recognized in the statement of profit or loss. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in future years to allocate the asset's revised carrying amount over its estimated useful life.

land

Disposal

An item of property and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use. Disposal of an asset is recognized when significant risk and rewards, incidental to the ownership of an asset, have been transferred to the buyer. The gain or loss on disposal or retirement of property and equipment is represented by the difference between the sale proceeds and the carrying amount of the property and equipment and is recognized as an income or expense in the year of disposal in statement of profit or loss. In case of sale or retirement of a revalued property, the attributable revaluation surplus remaining in the surplus on revaluation is transferred directly to retained earnings.

Capital work in progress

Capital work-in-progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. Cost may also include borrowing costs, if any. These are transferred to operating fixed assets as and when these are available for use.

3.2 Investment property

Investment Property is property held either to earn rental income or for capital appreciation or for both, but not for sale in ordinary course of business, use in production or supply of goods or services as for administrative purpose.

The Company's investment property comprises of land and building which is carried at fair value less identified impairment loss, if any.

An investment property is initially recognized at cost which is the fair value of the consideration paid. Subsequent to initial recognition, investment property whose fair value can be measured reliably without undue cost or effort on an ongoing basis is measured at fair value, at each reporting date. The changes in fair value are recognized in the statement of profit or loss. Any other investment property (whose fair value cannot be measured reliably without undue cost or effort) is measured at cost less accumulated depreciation and any impairment loss.

The fair value of investment property after initial recognition / transfer is determined at the end of each year using current market prices for comparable real estate, adjusted for any differences in nature, location and condition. The fair value of investment property is determined by an independent and professional valuer on the basis of professional assessment of the market values as disclosed in Note 7.1 of these financial statements.

An investment property is derecognized on disposal or when its nature of substance is changed i.e. it becomes owner occupied property and transferred to operating fixed assets or when no future economic benefits are expected from its sale. The gain or loss on disposal or retirement of investment property represented by the difference between the sale proceeds and its carrying amount is recognized as an income or expense in the statement of profit or loss.

3.3 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.3.1 Financial assets

All financial assets are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. Regular purchases and sales of financial assets are recognized and derecognized, as applicable, using trade-date accounting or settlement date accounting. All purchases and sales of investments are recognized on the trade date which is the date that the Company commits to purchase or sell the investment.

3.3.1.1 Classification

Financial assets are classified in either of the three categories: at amortized cost, at fair value through other comprehensive income and at fair value through profit or loss. Currently, the Company classifies its financial assets at amortized cost and fair value through profit or loss. This classification is based on the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. The management determines the classification of its financial assets at the time of initial recognition.

a Amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognized directly in profit or loss.

reum

Fair value through other comprehensive income (FVOCI)

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling f financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognized in profit or loss.

c Fair value through profit or loss (FVPL)

Assets that do not meet the criteria for amortized cost or fair value through other comprehensive income or assets that are designated at fair value through profit or loss using fair value option, are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the period in which it arises. Equity instrument financial assets are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognized in profit or loss. Dividends from such investments continue to be recognized in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

3.3.1.2 Initial recognition and measurement

Except for trade receivables, financial assets are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed in the profit and loss. Trade receivables are initially measured at the transaction price if these do not contain a significant financing component in accordance with IFRS 15.

3.3.1.3 Subsequent measurement

Financial assets carried at amortized cost are subsequently measured using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income from the financial assets, foreign exchange gains and losses and impairment losses are recognized in the statement of profit or loss.

Financial assets measured at fair value through profit or loss are subsequently measured at fair value prevailing at the reporting date. The difference in fair value and dividends arising on equity instruments are charged to the statement of profit or loss.

Financial assets at fair value through other comprehensive income are marked to market using the closing market rates and are carried in the statement of financial position at fair value. Net gains and losses arising on changes in fair values of these financial assets are recognized in other comprehensive income. Interest calculated using the effective interest rate method is credited to the statement of profit or loss. Dividends on equity instruments are credited to the statement of profit or loss when the Company's right to receive payments is established.

3.3.1.4 Derecognition

Financial assets are derecognized when:

- the contractual rights to receive cash flows from the assets have expired; or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - a) the Company has transferred substantially all the risks and rewards of the asset; or
 - b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The difference between the carrying amount and the consideration received is recognized in statement of profit or loss for all the financial assets carried at amortized cost, FVPL and FVOCI. In case of financial assets carried at FVOCI cumulative gain or loss previously recognized in OCI is reclassified to profit or loss, except for equity instruments which are recycled to retained earnings from fair value reserve within equity.

If the Company transfers a financial asset in a transfer that qualifies for derecognition in its entirety and retains the right to service the financial asset for a fee, it recognizes either a servicing asset or a servicing liability for that servicing contract.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability which cannot be offset with the related asset. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

If the Company's continuing involvement is in only a part of a financial asset, the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the consideration received for the part no longer recognized is recognized in profit or loss.

3.3.1.5 Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all financial assets which are measured at amortized cost. The Company assesses on a forward looking basis the expected credit losses associated with its financial assets. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

The Company recognizes in profit or loss, as an impairment loss (or reversal of impairment), the amount of expected credit losses (or reversal of impairment) that is required to adjust the loss allowance at the reporting date. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

3.3.1.6 Reclassification

When the Company changes its business model for managing financial assets, it reclassifies all affected financial assets accordingly. The Company applies the reclassification prospectively from the reclassification date.

In case of reclassification out of the amortized cost measurement category to fair value through profit or loss measurement category, fair value of the financial asset is measured at the reclassification date. Any gain or loss arising from a difference between the previous amortized cost and fair value is recognized in profit or loss.

In case of reclassification out of fair value through profit or loss measurement category to the amortized cost measurement category, fair value of the financial asset at the reclassification date becomes its new gross carrying amount.

In case of reclassification out of fair value through other comprehensive income measurement category to the amortized cost measurement category, the financial asset is reclassified at its fair value at the reclassification date. However, the cumulative gain or loss previously recognized in other comprehensive income is removed from equity and adjusted against the fair value of the financial asset at the reclassification date. The effective interest rate and the measurement of expected credit losses are not adjusted as a result of the reclassification.

In case of reclassification out of fair value through profit or loss measurement category to the fair value through other comprehensive income measurement category, the financial asset continues to be measured at fair value.

jum

3.3.2 Financial liabilities

3.3.2.1 Initial recognition and measurement

Financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument and include trade and other payables, loans or borrowings and accrued mark up etc.

The Company does not reclassify any of its financial liabilities.

Financial liabilities at amortized cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed in profit or loss.

3.3.2.2 Subsequent measurement

The Company measures its financial liabilities subsequently at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit or loss. Difference between carrying amount and consideration paid is recognized in the statement of profit or loss when the liabilities are derecognized.

3.3.2.3 Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective of carrying amounts is recognized in the statement of profit or loss. The difference between the carrying amount of a financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in statement of profit or loss.

3.3.3 Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

3.4 Inventory

Inventory represents usable stores and spares and are valued principally on First in First Out Basis (FIFO) at lower of cost and net realizable value except for items in transit, while items considered obsolete, if any, are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

Net realizable value signifies the selling price in the ordinary course of business less estimated costs necessary to be incurred in order to make the sale.

Spare parts of capital nature which can be used only in connection with an item of property and equipment are shown separately as capital spares and are carried at cost less accumulated impairment, if any.

3.5 Trade and other receivables

Trade and other receivables represent the Company's right and are initially recognized at an amount of consideration that is unconditional unless they contain significant financing component in which case they are recognized at fair value. The Company holds the trade debts with the objective of collecting the contractual cash flows and therefore measures the trade debts subsequently at amortized cost using the effective interest rate method. Deduction, if any, is made for doubtful receivables based on expected credit losses model. Bad debts are written off when identified. Provision for loss allowance on doubtful debts is charged to statement of profit or loss.

3.6 Provisions

A provision is recognized in the statement of financial position when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Provisions are not recognized for future operating losses.

3.7 Taxation - Levy and Income Tax

Income tax comprises current and deferred tax. Income tax is recognized in the statement of profit or loss except to the extent that relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.

Kerm

3.7.1 Levy

In accordance with the Income Tax Ordinance, 2001, computation of final taxes is not based on taxable income. Therefore, as per IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes issued by the ICAP, these fall within the scope of IFRIC 21 / IAS 37 and accordingly have been classified as levy in these financial statements, except for taxes on dividends on the Company's investments in subsidiaries and associates which are specifically within the scope of IAS 12 and hence these continue to be categorized as current income tax.

3.7.2 Current

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

The charge for current tax is higher of corporate tax (higher of tax based on taxable income and minimum tax) and alternative corporate tax. However, in case of loss for the year, income tax expense is recognized as minimum tax liability on turnover of the Company in accordance with the provisions of the Income Tax Ordinance, 2001. Super tax, if applicable, on the Company is calculated as per applicable tax rates as per Income Tax Ordinance, 2001.

Corporate tax is based on taxable income for the year determined in accordance with the prevailing laws of taxation. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Alternative corporate tax is calculated at 17% of accounting profit, after taking into account the required adjustments.

Current tax for current and prior year, to the extent unpaid, is recognized as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognized as an asset.

The Company offsets current tax assets and current tax liabilities if, and only if, it has a legally enforceable right to set off the recognized amounts and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.7.3 Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary timing differences arising from the difference between the carrying amount of the assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction neither affects accounting nor taxable profit or loss.

Deferred tax liabilities are recognized for all major taxable temporary differences.

Deferred tax assets are recognized for all major deductible temporary differences to the extent that it is probable that taxable profit will be available against which deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent of probable future taxable profit available that will allow deferred tax asset to be recovered.

Deferred tax is calculated at rates that are expected to apply to the year when the differences reverse based on the tax rates and tax laws that have been enacted or have been notified for subsequent enactment by the reporting date.

When different tax rates apply to different levels of taxable income, deferred tax assets and liabilities are measured using the average rates that are expected to apply to the taxable profit (tax loss) of the periods in which temporary differences are expected to reverse.

Lum

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.8 Investments in subsidiary and associates

Investments in subsidiaries and associates where the Company has control / significant influence are measured at cost less impairment, if any, in the Company's separate financial statements and subsequently under equity method in case of investment in associates. At each reporting date, the recoverable amounts of investments are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense in the statement of profit or loss.

Investments in subsidiaries and associates that have suffered an impairment are reviewed for possible reversal of impairment at each reporting date. Where impairment losses are subsequently reversed, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments.

The Company is required to issue consolidated financial statements along with its separate financial statements, in accordance with the requirements of IAS 27, 'Separate Financial Statements'.

3.9 Cash and cash equivalents

Cash and cash equivalents are stated at cost. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash in hand, cash at banks in saving accounts which are free of encumbrances and book overdrawn balances, if any.

3.10 Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within short period. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

3.11 Contract liabilities / advance from customers

A contract liability is recognized if a payment is received from a customer before the Company transfers the related goods. Contract liabilities are recognized as revenue when the Company transfers control of the related goods to the customer.

3.12 Staff retirement benefits

The Company operates recognized provident fund scheme covering all its permanent employees. The employees become eligible under the scheme if they successfully receive confirmation about their permanent employment status which is usually after two to three months from the first day of their joining. Equal contributions @ 10% per month are made both by the Company and employees to the fund.

3.13 Contingent liabilities

A contingent liability is disclosed when there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company.

A contingent liability is also disclosed when there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

3.14 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date in an orderly transaction between market participants in the principal, or in its absence, the most advantageous market to which the Company has access at that date. There are three levels which are as under:

Jam

evel 1

The Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2

When there is no quoted price in an active market, the Company determines transaction price by applying valuation techniques. The chosen valuation technique incorporates all the factors that market participants would take into account in pricing a transaction. The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price i.e. the fair value of the consideration given or received.

Level 3

If the Company determines that the fair value at initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, the instrument is initially measured at fair value, adjusted to defer the difference between the fair value at initial recognition and the transaction price. Subsequently, that difference is credited or charged to the statement of profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is supported wholly by observable market data or the transaction is closed out.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer.

3.15 Impairment of non-financial assets

Assets that are subject to depreciation or amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment losses on fixed assets that offset available revaluation surplus are charged against this surplus, all other impairment losses are charged to profit or loss. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Prior impairments of non-financial assets are reviewed for possible reversal at each reporting date. Where impairment loss is recognized, the depreciation / amortization charge is adjusted in future year to allocate the asset's revised carrying amount, less its residual value, over its remaining useful life. Any reversal of impairment loss of a revalued asset shall be treated as a revaluation increase.

3.16 Revenue recognition

Revenue is recognized in accordance by applying the following steps:

- i) Identifying contract with a customer
- ii) Identifying performance obligation in the contract
- iii) Determining transaction price of the contract
- iv) Allocating transaction price to each of the separate performance obligations in the contract
- v) Recognizing the revenue when (or as) the Company satisfies a performance obligation

The Company recognizes revenue as follows:

Room maintenance services / Software services

Revenue is recognized when the Company has a right to invoice. Customers are invoiced on a monthly basis and consideration is payable within 10 days from the invoice date.

Finance lease

The Company follows the 'financing method' in accounting for recognition of finance lease. The total unearned finance income i.e. the excess of minimum lease payments over the cost of the leased asset is deferred and then amortized over the term of the lease, so as to produce a systematic return on the net investment in finance leases.

Return on MTS investments and fixed income securities

Return on MTS investments and fixed income securities is recognized on a time proportionate basis over the term of the investments that takes into account the EIR method.

Rental income

Rental income from investment property is recognized in profit or loss on a straight-line basis over the lease term.

Dividend income

Dividend income is recognized in the statement of profit or loss on accrual basis in case of cumulative preference shares and at the time dividend is declared in case of ordinary shares.

3.17 Operating Segments

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chief Executive Officer has been identified as the chief operating decision-maker that made strategic decisions and who is also responsible for allocating resources to the operating segments, assessing their performance and whose results are regularly reviewed by it based on the discrete financial information of each segment.

Segment results, assets and liabilities include items directly attributable to segment as well as those that can be allocated on a reasonable basis. Segment assets, consist primarily of investment property, trade and other receivables, investments in financial assets at FVPL, investment in associates, net investment in finance lease. Segment liabilities comprise of trade and other payables and exclude items that are common to all operating segments.

Transactions among the business segments are recorded at arm's length prices using admissible valuation methods. Inter segment transfers are eliminated from the total, if any.

The management has determined that the Company has two major reporting segments; Income from investment in strategic portfolios and rental & related income earned from the leased building owned by the company, that reflect the management structure of the company.

3.18 Related party transactions

Related parties comprise the parent Company, associated companies / undertakings, directors of the Company and their close relatives and key management personnel of the Company. Transactions in relation to revenue, purchases and services with related parties are made at arm's length prices determined in accordance with the Company's policy except for the allocation of expenses such as utilities, rental and common overheads shared with related parties, which are on actual basis.

Transactions with related parties are based on the transfer pricing policy that all transactions between the Company and its related parties are at arm's length prices using the comparable uncontrolled price method except in circumstances where it is in the interest of the Company to not to do so

3.19 Dividend distributions

Dividends to shareholders of the Company and appropriations other than statutory appropriations are recognized as a liability in the year in which these are approved.

3.20 Share capital

Ordinary shares are classified as equity. Share capital represents the face value of shares that have been issued. Any transaction costs associated with the issuance of shares are deducted from share capital, net of any related income tax benefits, if any. Retained earnings include all current and prior period profits.

3.21 Earnings per share

The Company presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing the profit or loss, as the case may be, attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. The Company does not account for the effect of potential ordinary shares while calculating dilutive loss per share in accordance with the requirements of the IAS 33 'Earnings per Share'.

3.22 Comprehensive income

Comprehensive income is the change in equity resulting from transactions and other events, other than changes resulting from transactions with shareholders in their capacity as shareholders. Total comprehensive income comprises all components of profit or loss and other comprehensive income. Other comprehensive income comprises items of income and expense, including reclassification adjustments, that are not recognized in profit or loss as required or permitted by approved accounting standards.

June 30, 2024	53,650	39,234	38,488	(746	3		

^{4.1.2} During the year, fully depreciated assets included in the Property and Equipment having cost amounting to Rs. 28.172 million and carrying amount of Rs. 0.156 million have been written off (Note 29).

4.1.3 Measurement of fair values

The Company obtains an independent valuation for its freehold land and building (classified as property and equipment) every three to five years. The valuation is conducted by an independent valuer who is approved by Pakistan Banks' Association (PBA). Latest revaluation was carried out on June 30, 2024.

Valuation techniques

Freehold land

The valuer determined the fair value of freehold land based on the market comparable approach that reflects transaction prices for similar properties in the area. The key observable inputs under this approach are the price per square feet from current year sales of comparable lots of land in the area (location and size). Different valuation methods and exercises were adopted according to experience, location and other usage of freehold land. Valuer had also considered other relevant factors as well.

Building on freehold land

The valuer used a cost approach (i.e. current replacement values) for building on freehold land to arrive at the fair value. Construction specifications were noted for each building and structure and new construction rates were applied according to construction specifications for current replacement values. After determining current replacement values, depreciation was calculated to determine the current assessed market value.

The effect of changes in the observable inputs used in the valuations cannot be determined with certainty; consequently, a qualitative disclosure of sensitivity has not been presented in these financial statements.

4.1.4 Particulars of immovable property (i.e. land and building) in the name of Company are as follows:

Location / Address	Usage of immovable property	Total Area (Sq. ft.)	Covered Area (Sq. ft.)
19,Khayaban-e- Aiwan-e-lqbal, Lahore, Pakistan.	Land and Building	44,213	North Tower: 97,828 Sqft South Tower: 50,132 Sqft

4.1.5 Had the revaluation of these assets not been made, the carrying value of these assets as at the reporting date would have been as under:

	2025	2024
	Rs. in 00	00s
Freehold land	1,059,660	1,059,660
Building on freehold land	96,154	101,215
	1,155,814	1,160,875

4.1.6 Forced sale value and assessed value of these fixed assets as at the date of revaluation (i.e. June 30, 2024) was as under:

	Forced sale value	Assessed sale vale
	Rs. ir	000s
Freehold land	944,782	1,111,508
Building on freehold land	235,425	276,970
	1,180,207	1,388,478

cem

4.1.7 On April 07, 1987 Lahore Stock Exchange (Guarantee) Limited ("LSE") purchased land measuring 8 kanals and 2 marlas from Lahore Development Authority (LDA). LSE obtained the possession of the land via LDA allotment letter dated June 04, 1987.

On August 25, 2015, Securities and Exchange Commission of Pakistan ("the Commission") via letter having refer # SMD/SE/2/(57)2002 directed demutualization of the stock exchanges in the country. Consequent to the approved scheme of integration of stock exchanges, LSE was granted Investment Finance Services ("IFS") license by the Commission on January 11, 2016 to operate as an IFS Non-Banking Finance Company ("NBFC") company under the name LSE Financial Services Limited ("LSEFSL").

On April 26, 2023, a scheme of arrangement was formulated and approved by the Honourable Lahore High Court under order no. 58175/2022 in which the business of LSEFSL was partially transferred to LSE Proptech Limited including the transfer of land and building of LSEFSL to LSE Proptech Limited.

As at the reporting, the legal title of the land is in the name of Lahore Stock Exchange (Guarantee) Limited; however, the land and buildings are in the possession of LSE Proptech Limited.

On April 03, 2024, LSE Proptech Limited has be merged into LSE Capital Limited as per the scheme of arrangement approved by Honourable Lahore High Court under order no. 78278/2023. The title of the land and building in possession of LSE Proptech Limited is ultimately transferred in the name of LSE Capital Limited.

4.1.8 The land and building is under the mortage of Cordoba Leasing Limited as security for long term finance facility obtained as disclosed in the Note 20.2 of these financial statements.

6.1 This represents 100% investment in the ordinary shares of LSE SPAC-I Limited, a public unlisted company incorporated on March 09, 2025. It's registered office is situated at The Exchange Hub, LSE Plaza, 19, Khayaban-e-Aiwan-e-Iqbal, Lahore. During the year, the Company incorporated its wholly owned subsidiary on March 09, 2025, under the provisions of the Companies Act, 2017, and fully subscribed all the issued shares of the subsidiary.

The principal business of the Company is raise funds from investors and utilize those funds for merger and acquisition of company/ companies within the permitted time frame, as per the Public Offering Regulations, 2017.

The subsidiary is accounted for using cost method in these financial statements and the impairment loss is not recognized as the subsidiary has not yet commenced its commercial operations. Accordingly, no impairment loss has been recognized on the investment. Management will continue to assess the investment periodically for any indication of impairment in future periods.

- These companies are locally incorporated, with their country of incorporation / registration serving as their principal place of business. The Company has significant influence on associates through significant shareholding to its representation on the Board of Directors of investees and consequently investments have been treated as associates in accordance with requirements of IAS 28 'Investment in Associates'. Digital Custodian Company Limited (DCCL) is an unlisted public company hence its published price quotes are not available. The shares of LSE Ventures Limited (LSEVL) are listed on Pakistan Stock Exchange and its published price quotes is Rs. 5.75 per share. The shares of all the associated companies have a face value of Rs. 10 each.
- 6.3 DCCL was incorporated on February 12,1992 under the repealed Companies Ordinance, 1984. The Company converted its status from private limited company to unlisted public company on June 19, 2009. The principal objective of DCCL is to act as trustee of investment trust schemes, voluntary pension schemes and real estate investment trust schemes to provide custodian service and to act as transfer agent / share registrar of securities of listed and unlisted companies and mutual funds etc.
- 6.4 LSE Ventures Limited (the Company) was registered on July 18, 2022 under the Companies Act, 2017 (XIX of 2017) as a public unlisted company limited by shares. In June 2023, the Company obtained the listing status under the symbol "LSEVL" at Pakistan Stock Exchange as a result of demerger scheme approved on April 26, 2023 by the Honourable Lahore High Court, accomplished through a reverse merger with Data Textiles Limited.

			2025	2024
7	Investment Property - At Fair Value	Note	Rs. in 00)0s
	Balance as on July 01,		392,122	-
	Transfer under merger scheme			378,431
	Gain on revaluation	31	64,154	13,691
	Balance as at June 30,		456,276	392,122

7.1 The fair value of investment property is determined at the end of each year by independent suitably qualified valuer. The fair value of the investment property as at May 02, 2025 was performed by M/s Unicorn International Surveyors, who are independent valuers not related to the Company.

There are no level 1 and level 3 assets or any transfers between levels 1, 2 and 3 during the year.

The fair value was determined based on the market comparable approach that reflects recent transaction prices for similar properties/capitalization of net income method, where the market rentals of all lettable units of the properties are assessed by reference to the rentals achieved in the lettable units as well as other lettings of similar properties in the neighborhood. The capitalization rate adopted is made by reference to the yield rates observed by the valuers for similar properties in the locality and adjusted based on the valuers' knowledge of the factors specific to the respective properties.

There has been no change to the valuation technique during the year. In estimating the fair value of the properties, the highest and best use of the properties is their current use.

Property Type	Location	Area	Independent Valuer	Fair Value	Forced Sale Value
				Rs.	in 000s
Building on freehold land	Lahore	27,097 square feet	M/s Unicorn International Surveyors	456,276	387,835

7.2 The land and building is under the mortage of Cordoba Leasing Limited as security for long term finance facility obtained as disclosed in the Note 20.2 of these financial statements.

- During the year, the Company had disposed of 2,525,000 equity shares of Ensmile Limited, representing 16.67% ownership interest in the investee. The shares were sold to the original sponsors of the investee company at an agreed price of Rs. 71.29 per share.
- This represents amount invested through LSE Financial Services Limited in Marginal Trading System (MTS) and receives markup income net of 1% service charges and MTS charges. Investment in Margin Trading System of NCCPL is an undisclosed market of financees and financiers with a participation ratio of 85 to 15 carrying mark-up of KIBOR with spread of maximum upto 8% per annum. It carries mark-up at range of 20.38% to 23.19% per annum (2024: 24.15% to 35.16% per annum).
- 11.4 This represents Musharika Financing facility provided to Messrs. AG Publications (Private) Limited, through its Chief Executive Officer Mr. Iqbal Z. Ahmad, who is also a Chairman of Messrs. Pakistan Gas Port (PGP) Consortium Limited, out of the approved limit of Rs. 400 million, on a pre-agreed Profit-Sharing Rate (PSR) being not less than 6 months KIBOR+16%, or 2.5% per month whichever is higher, for revival of the company operating Jamshoro Joint Venture Limited (JJVL). It is recoverable in lump sum after the lapse of seven months from the date of disbursement of musharika financing whereas PSR is to be serviced on monthly basis. It is secured against pledge over 49,424,163 common shares of JJVL owned by Mr. Iqbal Z. Ahmad (Chief executive, director & major shareholder of JJVL) representing 51% of JJVL's voting share capital by way of a duly registered pledge charge with SECP, mortgage over the property owned by the daughter of Mr. Iqbal Z. Ahmad measuring 19 kanals and 12 marlas, situated at Bedian road, opposite DHA Phase-V, post-dated cheques signed by Mr. Iqbal Z. Ahmad for the repayment of monthly PSR and the lump sum amounts for encashment to secure the provided facility and confirmation letters from Messrs. PGP Consortium Limited (PGPCL) and Messrs. Pakistan Gas Port Limited (PGPL) for the payment of the future dividend (to be declared and disbursed by the company from time to time) in respect of the family members of Mr. Iqbal Z. Ahmad for the amount of facility provided.

11.5 The breakup of advance amount is as under:

Investee Company	Class of Shares	Number of Shares	Ownership Interest in the investee	Advance (% of total consideration)	Advance disbursed (Rs. "000")
Jamshoro Joint Venture Limited (JJVL)	A-Class	9,691,012	10%	20%	30,615
Energy Resource Business Limited (BVI)	Ordinary	9,810	9.81%	20%	29,385
Total					60,000

- The Company entered into an agreement with Mr. Jamal Akbar Ansari, holding 10% equity stake in the Class-A shares of JJVL, for purchase of his entire shareholding in JJVL at an agreed consideration of Rs. 153.077 million comprising 9,691,012 ordinary shares @ of Rs. 15.80 per share. As mutually agreed, the company has paid an advance to the party representing 20% of the consideration agreed. This transaction is materialized on August 11, 2025 and all the shares acquired under this arrangement have been transferred in the name of the Company on the same date.
- On June 20, 2025, the Company entered into a duly executed term sheet with Mr. Jamal Akbar Ansari holding 9.81% equity stake in the ordinary shares of Messrs. Energy Resource Business Limited (ERBL) whereby the investee holds 95% of the Class-B shares of JJVL. Under this arrangement, the company has given an advance to the party representing 20% of the total purchase price of shares. Through this investment, the company indirectly holds 4.66% of ownership interest in JJVL. The shares of ERBL have been transferred in the name of Company on July 31, 2025.

- 23.1 This represents the balance payable to the above named party by the company against purchase of its shares as per the duly executed term sheet previously entered into between Modaraba Al Mali and the said party which then becomes payable by the company under the merger scheme dated April 03, 2024.
- 23.2 These represent amounts received under Ijarah Finance as security deposits transferred to the company under the merger scheme, which were stated to be repayable / adjustable on the expiry of the Ijarah period. However, due to default by the counterparties in making payments due under the Ijarah finance facility, this balance is written back during the year being no more payable as it equates the amount of ijarah finance receivable by the company under the contract from the counterparties who had already defaulted for their obligations towards the company (Note 31).
- 23.3 This includes an amount of Rs. 7.386 million (2024: Rs. 7.386 million) that had been provided for by LSE Proptech Limited and has been transferred to the company under the merger scheme against the legal case filed by the employees that were previously been employed by LSE Financial Services Limited as disclosed in Note 27.1 of these financial statements.

	23.4	This represents advance received from the following parties :		2025	2024

25.1 This short term loan facility was obtained from the Chief Executive / Director of the Company amounting to Rs. 100 million to meet its working capital requirements for the period of 6 months. It carried markup @ 30% per annum, payable monthly. It was repayable after 6 months in lump sum or in 6 equal monthly instalments at the beginning of each month succeeding the month of disbursement whereas the markup was to be serviced on monthly basis. It was secured against least pari passu charge in right and priority of payment with all its other present or future, actual or contingent, unsecured and unsubordinated obligations and liabilities, except for those obligations and liabilities mandatorily preferred by law of general application to companies. This facility was paid off in full during the year.

27 Contingencies and Commitments

27.1 Contingencies

The company is contingently liable for the following:

- Certain employees had been reinstated and arrears / back benefits were paid in accordance with Labour Court Order, dated August 13, 2020. However, these employees filed fresh petitions for determination and recovery of back benefits from the LSE Proptech Limited which has now become due on the part of company under the merger scheme. Under the circumstances, the Company incorporated a certain provision in the financial statements up to June 30, 2025 based on its best estimate. This case is pending adjudication until the terminal date. However, the Company expects a favourable outcome in the instant case.
- The Company has not recognized provision for Punjab Workers' Welfare Fund (PWWF) amounting to Rs. 6.130 million (2024: Rs. 1.591 million) on the pretext that it does not fall under the definition of industrial establishment as defined in Clause (d) of Section 2 of the Punjab Workers' Welfare Fund Act, 2019 nor does it employ any worker as defined in Clause (l) of Section 2 of the Act and Section 2 of the Punjab Industrial Relation Act, 2010.

27.2 Commitments

There is no commitment outstanding as at the reporting date (2024: Nil).

38 Financial Risk Management

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on having cost efficient funding as well as to manage financial risk to minimize earnings volatility and provide maximum return to shareholders.

Risk management is carried by the Board of Directors (the Board). The Board provides principles for overall risk management as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

38.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices. Market risk comprise three types of risk; foreign currency risk, interest rate risk, commodity price and equity price risk that will affect the Company's income or the value of its holdings of financial instruments.

Currency risk

Foreign currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates and arises where transactions are conducted in foreign currency. As there are no foreign currency receivables / payables of the Company, it is not exposed to currency risk (June 30, 2024: Nil).

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to floating interest rate risk as its variable interest bearing liabilities exceeds its variable rate financial assets.

		2025	2024
	Note	Rs. in 00)0s
Financial assets Floating rate instruments			
Bank balances	15	31,762	191,912
Investment in Margin Trading System of NCCPL	11		17,644
Other receivables	12.3	32,596	4,427
Total Financial Assets - variable		64,358	213,983
Financial liabilities			
Floating rate instruments			
Payable to related parties		(103,404)	(88,338)
Net financial Assets		(39,046)	125,645

Cash flow sensitivity analysis for variable rate instruments

As at reporting date, if interest rates get 1% higher / (lower) with all other variables held constant, profit before taxation for the year would have been (lower) / higher by Rs. 0.390 million (2024: Rs. 1.26 million), mainly as a result of yield on floating investment based financial assets.

Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to individual financial instrument or its issuer or factors affecting all similar financial instrument traded in the market. The Company is exposed to price risk on account of its investments carried at fair value through profit or loss. At the reporting date, the company has held investment in equity instruments amounting to Rs. 71.627 million (2024: Rs. 322.403 million).

Sensitivity analysis for financial assets at FVPL

As at reporting date, if fair value of equity investments increases / (decreases) by Rs. 1 with all other variables held constant, profit before taxation for the year would have been higher / (lower) by Rs. 9.12 million (2024: Rs. 15.303 million), mainly as a result of fair value fluctuation on PSX of the listed equity investments.

38.2 Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily sundry receivables) and from its investing activities, including deposits with banks and financial institutions, and other financial instruments.

As at the reporting date, the maximum exposure to credit risk is equal to the carrying amount of the financial assets as detailed below:

Financial Assets		2025	2024
Timunous Abboto	Note	Rs. in ()00s
Net investment in finance lease	8	4,274	4,275
Long term deposits	9	2,719	548
Advances to employees - adjustable in cash	13	8,616	1,386
Financial assets	11	481,627	640,047
Trade and other receivables	12	55,063	42,160
Bank balances	15	31,762	191,912
Dulli		584,061	880,328

Credit Quality of Financial Assets

The management assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. The utilization of credit limits is regularly monitored. For banks and financial institutions, only independently rated parties with a strong credit rating are accepted.

The Company monitors the credit quality of its financial assets with reference to historical performance of such assets and available external credit ratings, if any.

The aging of trade debts from leaseholders and tenants and related impairment loss as at the reporting date is as under:

	2025	2024
	Rs. in	000s
Neither past due nor impaired		
Past due but not impaired		
0 -30 days	5,924	7,493
31 - 60 days	3,153	1,508
61 - 90 days	1,528	1,386
> 91 days	4,943	5,773
Past due and impaired		
0 -30 days	261	
31 - 60 days	1,365	228
91 - 120 days	1,264	199
> 91 days	18,243	19,055
Total Gross Amount Due	36,681	35,642

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer such as repayment behaviour, credit loss history and available securities etc. The management also considers other relevant factors that may influence the credit risk of its customer base, including the default risk associated with the customer. Majority of the Company's customers have been transacting with the Company for over five years, and only trivial customers' balances have been written off. In monitoring customer credit risk, customers are individually assessed according to their trading history and repayment behaviour with the Company.

The risk management committee has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment terms are offered.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables.

land

The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are operated in largely independent markets. The credit risk on liquid funds is limited because the counter parties are either banks (with reasonably high credit ratings) and trade receivables for which the exposure is spread over a large number of counter parties.

The credit quality of bank balances that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

		Rating			
	Short term	Long term	Agency	2025	2024
Bank Islamic Pakistan Limited	A-1	AA-	PACRA	322	62
Bank Al-Habib Limited	A-1+	AAA	PACRA	26,223	191,850
MCB Bank Limited	A-1+	AAA	PACRA	5,217	-
				31,762	191,912

'Other receivables include Rs. 32.596 million (2024: Rs. 4.427 million) receivable from related party namely; Digital Custodian Company Limited (DCCL), Rs. Nill (2024: Rs. 7.800 million) receivable from IGI Holdings Limited and Rs. 0.956 million (2024: Rs. 8.478 million) due from corporate entities that are financially sound and having strong financial track record and creditworthiness.

38.3 Liquidity risk

Liquidity risk represents the risk that the Company will encounter difficulties in meeting obligations associated with financial liabilities. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities. Due to dynamic nature of the business, the Company maintains flexibility in funding by maintaining committed credit lines available. The Company's liquidity management involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring critical liquidity ratios and maintaining debt financing plans. The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows:

Description	Carrying Amount	Contractual cash flows	Within 1 year	1-2 Years	2-5 Years	5 - 10 years
	-		Rs. in	000s

Accrued markup on financing	26	17,824	3,952
		232,399	506,973

38.5 Fair value measurement

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences may arise between the carrying value and the fair value estimates.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. Fair value is determined on the basis of objective evidence at each reporting date. The management believes that the fair values of financial and non-financial assets and financial liabilities approximate to their carrying amounts largely due to the short-term maturities of financial instruments.

Fair value hierarchy

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and

reund

	2025			
	Level 1	Level 2	Level 3	Total
Financial assets - measured at fair value Investments in equity securities Non - financial assets - measured at fair value	71,627			71,627

	322,403	1,638,612	-	1,961,015

There were no transfers amongst levels during the year.

39 Capital Risk Management

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of its business. The Board of Directors monitors the return on capital employed, which the Company defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to shareholders.

The Company's objectives when managing capital are:

- a) to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- b) to provide an adequate return to shareholders.

The Company manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may, for example, adjust the amount of dividends paid to shareholders, issue new shares, if possible, selling surplus property and equipment without affecting the optimal operating level and regulating its dividend payout thus maintaining smooth capital management.

In line with the industry norms, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non current) less cash and cash equivalents. Total capital is calculated as equity, as shown in the statement of financial position, plus net debt.

The gearing ratio of the company is as follows:

		2025	2024
	Note	Note Rs. in 00	
Total Debts (long term and short term) Less: Cash and cash equivalents	39.1	70,451 (31,862)	196,734 (191,286)
Net Debt		38,589	5,448
Equity Total capital employed		3,166,637 3,205,226	2,970,870 2,976,318
Gearing ratio		1.20%	0.18%

39.1 Total debts include lease liability, financial liabilities at amortized cost and loan from director.

41.1 Operating Segments

Management has determined the operating segments based on the information presented to the Chief Executive Officer of the Company for allocation of resources and assessment of performance. Reporting structure of the Company is based on this internal management reporting structure. The Company has two strategic divisions i.e. Strategic investments and rental, room maintenance & related services, which are its reportable segments. These divisions have different operations and were managed separately because they require different strategies.

Reportable segments	Operations
Strategic Investment	Fair value gain (realized / unrealized), share of profit from associates, return on loan and receivables, dividend income etc.
Rental, Room maintenance and related services	Rental income, room maintenance, parking charges, fair value gain on investment property etc.

Information about reportable segments

Information related to each reportable segment is set out below. Segment profit / (loss) before levy and tax is used to measure performance because management believes that this information is the most relevant in evaluating the results of the respective segments relative to other entities that operate in the same industries.

2025

Segment results and assets include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

		2025

INDEPENDENT AUDITORS' REPORT

To the members of LSE Capital Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of LSE Capital Limited ("the Holding Company") and its subsidiary ("the Group"), which comprise the consolidated statement of financial position as at June 30, 2025, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2025 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matter(s):

Sr. No.	Key Audit Matter(s)	How the Matter was addressed in our audit				
1	Investments and financial assets					
	Refer to notes 6 and 11 of the consolidated financial statements. The carrying amount of investments and	 Assessed the design and tested the operating effectiveness of key controls in place relating to valuation of investments; 				
	financial assets held by the Company amounted to Rs. 1,557.137 million which constitutes 43.85% of the total assets as at June 30, 2025. The significant portion of investments comprise of investment in subsidiary company, associates, listed & unlisted equity securities and musharika financing.	Checked on a test basis the valuation of investments, recognition of proportionate share of post-acquisition post tax profits and other comprehensive income of investees as recorded in the general ledger to supporting documents externally quoted market prices, break-up values etc.				

Amin Building, 65 - The Mall, Lahore. Phone: 042-37352661-37321043

Email: krestonhb@gmail.com

Investments and other financial assets are carried under equity method, fair value or amortized cost in accordance with the Company's accounting policy relating to their recognition and measurement. Provision against investments is based on impairment policy of the Company which includes both subjective and objective factors.

We identified assessing carrying value of the investment as a key audit matter because of its significance to the consolidated financial statements and because assessing the fair value and the key impairment assumptions involves a significant degree of management judgement.

- Checking the existence of shares from the Central Depository Company's report.
- Obtained independent confirmations for verifying the existence of investments portfolio as at June 30, 2025 and reconciled it with the books and records of the Company. Where such confirmations were not available, alternate procedures were performed;
- Obtained duly executed musharika financing covenant entered into with the party and checked underlying terms & conditions attaching thereto as regards to amount of loan, tenor, pricing and collateral requirements;
- Obtained independent confirmation from the third party for verifying the existence and valuation of musharika finance provided as at June 30, 2025 and reconciled it with the books and records of the Company;
- Evaluated the Company's assessment for impairment, if any including those securities that are not traded actively in market in accordance with the accounting and reporting standards as applicable in Pakistan and performed an independent assessment of the assumptions and conclusions; and

Considered the Company's disclosures of investments in accordance with the requirements of the accounting and reporting standards as applicable in Pakistan.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Amin Building, 65 - The Mall, Lahore.

Phone: 042-37352661-37321043

Email: krestonhb@gmail.com

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of Consolidated financial statements that are free from material misstatement, whether due to

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Amin Building, 65 - The Mall, Lahore.

Phone: 042-37352661-37321043

Email: krestonhb@gmail.com

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
activities within the Group to express an opinion on the consolidated financial statements. We are responsible for
the direction, supervision and performance of the group audit. We remain solely responsible for our audit
apprior.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Muhammad Usman Shah, FCA.

LSE CAPITAL LIMITED

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2025

1 Legal Status and its Nature of Business

The Group comprises of

- LSE Capital Limited ("the Holding Company"); and

- LSE SPAC-1 Limited ("the wholly owned Subsidiary Company"), collectively referred to as "the Group".
 - 1.1 LSE Capital Limited is the newly adopted name of the Modaraba Management Company, which was registered as JS Finance Limited on Jan 22, 1986. The company's name was changed to Bank Islamic Modaraba Investments Limited (BIMIL) after the acquisition of its 100% equity by Bank Islamic Limited during November 07, 2007.

After the acquisition of BIMIL by the incoming sponsors, the company was first named AssetPlex Limited but later changed its name to LSE Capital Limited during 2023. Later, under the Court sanctioned scheme of merger, Modaraba Al-Mali and LSE PropTech Limited were merged with/into LSE Capital Limited, which acquired the listing status at PSX on May 24,2024 as a consequence of its merger. The Company is licensed as a Modaraba Management company, besides carrying the license to act as a consultant to the issue for the IPOs and corporate finance advisory services.

The company also holds the licenses of Modaraba Management Company as well as the Consultant to the Issue. It managed the erstwhile Modaraba Al-Mali, which was merged in LSE Capital on April 03, 2024 under sanctioned merger order of Lahore High Court no. 72878 / 2023 dated April 03, 2024.

The company's registered office is located at The Exchange Hub, LSE Plaza, 19, Khayaban-e-Aiwan-e-Iqbal, Lahore.

The geographical location and address of the Company is as under:

Business Unit

Geographical Location

Head office / Registered Office Data Textile operational office The Exchange Hub, LSE Plaza, 19, Khayaban-e-Aiwan-e-Iqbal, Lahore.

1.2 LSE SPAC-1 Limited ("the Company") was registered on March 09, 2025 as a public unlisted company limited by shares under the Companies Act, 2017. The registered office and principal place of business of the Company is situated at LSE Plaza, The Exchange Hub, 19-Kashmir Egerton, Lahore, Pakistan. The company is a wholly owned subsidiary of Messrs. LSE Capital Limited, the Holding Company.

The principal line of business of the company is to raise funds from investors and utilize those funds for merger and acquisition of company / companies within the permitted time frame, as per the Public Offering Regulations, 2017.

2. Basis of Preparation

2.1 Consolidated financial statements

These consolidated financial statements include the financial statements of the Holding Company and its subsidiary companies. These consolidated financial statements have been prepared from the information available in the separate audited financial statements of the Holding Company and its Subsidiary for the year ended June 30, 2025. The accounting policies used by the Subsidiary in preparation of its financial statements are consistent with that of the Holding Company.

2.2 Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. The subsidiaries are fully consolidated from the date of acquisition, being the date on which the Holding Company obtains control, and continue to be consolidated until the date that such control ceases.

The financial statements of the subsidiary companies have been consolidated on a line-by-line basis and the carrying values of investment held by the Holding Company have been eliminated against the shareholders' equity in the subsidiary. Intra-Group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated in full.

2.3 Non-controlling interests

Non-controlling interests are measured at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Changes in the Holding Company's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

10m

2.4 Business combination

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The excess of the consideration transferred over the fair value of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognized directly in the consolidated statement of profit or loss.

25 Loss of control

On the loss of control, the Group derecognizes the assets and liabilities of the subsidiary, any non controlling interests and other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognized in consolidated statement of profit or loss. In addition, any amounts previously recognized in other comprehensive income in respect of that subsidiary are reclassified to the consolidated statement of profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently that retained interest is accounted for as an equity-accounted investee, joint venture or as an available for sale financial asset depending on the level of influence retained.

2.6 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These financial statements provide comparative information in respect of the previous year. In addition when there is a retrospective application of an accounting policy, a retrospective restatement, or a reclassification of items in the financial statements has been made.

2.7 Basis of measurement

These financial statements have been prepared under the historical cost convention without taking into account the effects for inflation or current values, except to the extent of following:

	Note	
Net investment in finance lease	8	(stated at Present value)
Certain property and equipment	4	(stated at Fair value)
Investment property	7	(stated at Fair value)
Financial Assets	- 11	(stated at Fair value and certain at amortized cost)
Trade and other receivables	12	(stated at carrying amount less impairment for expected credit loss)
Investment in associates	6	(stated at equity method)
Inventories	10	(stated at lower of cost and net realizable value)
Certain liabilities and payables	23	(stated at amortized cost)
Deferred tax liability	22	(stated as per IAS-12 "Income taxes")
Provisions	23.3	(stated as per best estimate)
Right of use asset	5	(stated at present value of future lease payments)
Lease liability	20	(stated at present value of future lease payments)

2.8 Presentation and functional currency

These financial statements are prepared and presented in Pak Rupees (Rs.) which is the Group's functional and presentation currency. In these financial statements, all the figures have been rounded off to the nearest thousand of Rupees, unless otherwise stated.

lam

Use of significant accounting judgement, estimates and assumptions

The preparation of financial statements in conformity with accounting and reporting standards, as applicable in Pakistan, requires the use of certain critical accounting estimates. It also requires the management to exercise its judgments, make estimates and assumptions in the process of applying the Group's accounting policies that affect the reported amounts of assets, liabilities, income and expenses. These estimates and related assumptions are continually evaluated and are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources.

These estimates and related assumptions are reviewed on an ongoing basis. Accounting estimates are revised in the period in which such revisions are made. In the process of applying the Group's accounting policies, management has made the following estimates and judgments which are significant to these financial statements:

Property and equipment

The depreciation method and useful lives of property and equipment are reviewed by the management, at each financial year-end and these estimates are adjusted or revised if appropriate. The effect of any adjustment to useful lives and methods of these estimates are recognized prospectively or revised as a change in accounting estimate. In making these estimates, the Group uses the technical resources available with it. Any change in the estimates in the future might affect the carrying amount of respective item of property and equipment, with corresponding effects on the depreciation / amortization charge and impairment, if any.

Impairment of non-financial assets

The Group assesses at each reporting date whether there is any indication that property and equipment are impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include historical collection rates and forward looking information for macro economic factors i.e. interest rates, inflation rates, unemployment rates, GDP rates etc.

Impairment of financial assets

Impairment of financial assets is assessed by reviewing their market prices and the indicators used to determine the recoverable amounts of the financial assets. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

Provisions

Provisions are based on best estimate of the expenditure required to settle the present obligation at the reporting date, that is, the amount that the Group would rationally pay to settle the obligation at the reporting date or to transfer it to a third party.

Stores and spares

Provision for slow moving, damaged and obsolete items and their net realizable value are based on management estimate.

Staff retirement benefits

The Group considers the salary scale of each employee eligible under the provident fund scheme and its employment status on monthly basis to ensure the adequacy of expense and related liability on account of provident fund.

Income taxes

In making the estimates for current and deferred income taxes, the management considers current income tax law and the decisions of appellate authorities on certain cases issued in the past. These estimates also include impacts of the decisions of appellate authorities about the benefits that become recoupable upon any change in tax structure of the Group.

Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Group, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence / non-occurrence of the uncertain future events.

Com

Valuation of investments measured at FVPL

The Group has recorded its investments measured at FVPL by using quotations from Pakistan Stock Exchange. This valuation is subjective to market price fluctuation and therefore, cannot be determined with precision.

Investment in Subsidiaries and Associates

Investment in subsidiaries are carried under cost whereas investment in associates is accounted for under equity method in accordance with the Group's accounting policy relating to their recognition and measurement. Provision against investments is based on impairment policy of the Group which includes both subjective and objective factors.

Investment Property

The assessment of fair value is subjective and is dependent on various factors including but not limited to; survey's of similar properties in the neighborhood by the valuer, demand and market conditions, location and vicinity of the property, sale and purchase trend prevalent in the market, inflation and growth rates etc. The effect of any changes in estimate is accounted for on a prospective basis. Further, determining adjustments for any differences in nature, location and condition of the investment property involves significant adjustment.

However, the management believes that the change in outcome of estimates would not have a material effect on the amounts disclosed in these financial statements.

- 2.10 New standards, interpretations of and amendments to published approved accounting standards
- 2.10.1 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current year:

There are certain amendments to the published approved accounting standards that are effective in the current year. However, these do not have any significant impact on the Group's operations and, therefore, have not been detailed in these financial statements.

		Effective date (annual periods beginning on or after)
	Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions	January 01, 2024
	Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2024
	Amendments to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants	January 01, 2024
	Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements	January 01, 2024
2.10.2	Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements New accounting standards, amendments and interpretations that are not yet effective	January 01, 2024
	There are certain other new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or will not have any significant effect on the Group's operations and are, therefore, not detailed in these financial statements.	
	Amendments to IFRS 7 'Financial Instruments: Disclosures' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
	Amendments to IFRS 9 'Financial Instruments' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
	Amendments to IFRS 10 'Consolidated financial statements'	January 01, 2026
	Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates' - Lack of Exchangeability	January 01, 2025
	IFRS 17 Insurance Contracts	January 01, 2026
	IAS 7 (Statement of Cash Flows)	January 01, 2026
	IFRS 18 'Presentation and Disclosures in Financial Statements'.	January 01, 2027
	IFRS 19 'Subsidiaries without Public Accountability: Disclosures'.	January 01, 2027
	IFRS S1 'General Requirements for Disclosure of Sustainability-related Financial Information'.	January 01, 2027
		January 01, 2027
	IFRS S2 'Climate-related Disclosures'.	oundary or, not

2.10.3 In addition to the above, the IASB has issued the following standards and interpretations which, as of June 30, 2025, have not been notified by the Securities and Exchange Commission of Pakistan (SECP) for local adoption. The Group will evaluate the impact of these pronouncements once they are notified for application in Pakistan.

IFRS 1 First-time Adoption of International Financial Reporting Standards

IFRIC 12 Service Concession Arrangements

(am

. 3. Material Accounting Policy Information

The accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied for all accounting periods presented, unless otherwise stated.

3.1 Property and equipment

Recognition and measurement

Property and equipment, except freehold land and building on freehold land, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Freehold land and building on freehold land is stated at revalued amount, being the fair value at the date of their revaluation, less subsequent accumulated impairment losses, if any.

Cost of property and equipment consists of historical cost, borrowing cost pertaining to the construction and erection period and directly attributable costs of bringing the assets to their working condition.

Freehold land and buildings on freehold land are revalued every three to five years. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset. Additions, subsequent to revaluation, are stated at cost less accumulated depreciation and any identified impairment loss.

Any revaluation increase arising on the revaluation of land and buildings on freehold land is recognized in other comprehensive income and presented as a separate component of equity as "Surplus on revaluation of property and equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognized in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of land and building on freehold land is charged to statement of profit or loss to the extent that it exceeds the balance, if any, held in the surplus on revaluation of property and equipment relating to a previous revaluation of that asset.

Each year, the incremental depreciation and its related deferred taxation, the difference between depreciation based on revalued carrying amount of the asset and depreciation based on the asset's original cost, is transferred from surplus on revaluation of property and equipment to retained earnings. All transfers from surplus on revaluation of property and equipment are net of applicable deferred taxation. Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred to retained earnings.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and cost of the item can be measured reliably. All other day to day maintenance and normal repairs are charged to statement of profit or loss as and when incurred. Gains or losses on disposal of property and equipment are included in profit or loss.

Depreciation

Depreciation on property and equipment, except land, is charged to statement of profit or loss on the reducing balance method so as to write off the depreciable amount of an asset over its economic useful life using the annual rates mentioned in note 5.1. Depreciation on additions is charged from the month in which the asset is available for use, whereas no depreciation is charged on assets disposed off during the month.

Impairment

Where carrying amounts exceed the respective recoverable amount, assets are written down to their recoverable amounts and the impairment loss is recognized in the statement of profit or loss. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in future years to allocate the asset's revised carrying amount over its estimated useful life.

Disposal

An item of property and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use. Disposal of an asset is recognized when significant risk and rewards, incidental to the ownership of an asset, have been transferred to the buyer. The gain or loss on disposal or retirement of property and equipment is represented by the difference between the sale proceeds and the carrying amount of the property and equipment and is recognized as an income or expense in the year of disposal in statement of profit or loss. In case of sale or retirement of a revalued property, the attributable revaluation surplus remaining in the surplus on revaluation is transferred directly to retained earnings.

1cum

Capital work in progress

Capital work-in-progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. Cost may also include borrowing costs, if any. These are transferred to operating fixed assets as and when these are available for use.

3.2 Investment property

Investment Property is property held either to earn rental income or for capital appreciation or for both, but not for sale in ordinary course of business, use in production or supply of goods or services as for administrative purpose.

The Group's investment property comprises of land and building which is carried at fair value less identified impairment loss, if any.

An investment property is initially recognized at cost which is the fair value of the consideration paid. Subsequent to initial recognition, investment property whose fair value can be measured reliably without undue cost or effort on an ongoing basis is measured at fair value, at each reporting date. The changes in fair value are recognized in the statement of profit or loss. Any other investment property (whose fair value cannot be measured reliably without undue cost or effort) is measured at cost less accumulated depreciation and any impairment loss.

The fair value of investment property after initial recognition / transfer is determined at the end of each year using current market prices for comparable real estate, adjusted for any differences in nature, location and condition. The fair value of investment property is determined by an independent and professional valuer on the basis of professional assessment of the market values as disclosed in Note 7.1 of these financial statements.

An investment property is derecognized on disposal or when its nature of substance is changed i.e. it becomes owner occupied property and transferred to operating fixed assets or when no future economic benefits are expected from its sale. The gain or loss on disposal or retirement of investment property represented by the difference between the sale proceeds and its carrying amount is recognized as an income or expense in the statement of profit or loss.

3.3 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.3.1 Financial assets

All financial assets are recognized at the time when the Group becomes a party to the contractual provisions of the instrument. Regular purchases and sales of financial assets are recognized and derecognized, as applicable, using trade-date accounting or settlement date accounting. All purchases and sales of investments are recognized on the trade date which is the date that the Group commits to purchase or sell the investment.

3.3.1.1 Classification

Financial assets are classified in either of the three categories: at amortized cost, at fair value through other comprehensive income and at fair value through profit or loss. Currently, the Group classifies its financial assets at amortized cost and fair value through profit or loss. This classification is based on the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. The management determines the classification of its financial assets at the time of initial recognition.

a Amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognized directly in profit or loss.

b Fair value through other comprehensive income (FVOCI)

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling f financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognized in profit or loss.

cum

Fair value through profit or loss (FVPL)

Assets that do not meet the criteria for amortized cost or fair value through other comprehensive income or assets that are designated at fair value through profit or loss using fair value option, are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the period in which it arises. Equity instrument financial assets are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognized in profit or loss. Dividends from such investments continue to be recognized in profit or loss when the Group's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

3.3.1.2 Initial recognition and measurement

Except for trade receivables, financial assets are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed in the profit and loss. Trade receivables are initially measured at the transaction price if these do not contain a significant financing component in accordance with IFRS 15.

3.3.1.3 Subsequent measurement

Financial assets carried at amortized cost are subsequently measured using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income from the financial assets, foreign exchange gains and losses and impairment losses are recognized in the statement of profit or loss.

Financial assets measured at fair value through profit or loss are subsequently measured at fair value prevailing at the reporting date. The difference in fair value and dividends arising on equity instruments are charged to the statement of profit or loss.

Financial assets at fair value through other comprehensive income are marked to market using the closing market rates and are carried in the statement of financial position at fair value. Net gains and losses arising on changes in fair values of these financial assets are recognized in other comprehensive income. Interest calculated using the effective interest rate method is credited to the statement of profit or loss. Dividends on equity instruments are credited to the statement of profit or loss when the Group's right to receive payments is established.

3.3.1.4 Derecognition

Financial assets are derecognized when:

- the contractual rights to receive cash flows from the assets have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - a) the Group has transferred substantially all the risks and rewards of the asset; or
 - b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The difference between the carrying amount and the consideration received is recognized in statement of profit or loss for all the financial assets carried at amortized cost, FVPL and FVOCI. In case of financial assets carried at FVOCI cumulative gain or loss previously recognized in OCI is reclassified to profit or loss, except for equity instruments which are recycled to retained earnings from fair value reserve within equity.

If the Group transfers a financial asset in a transfer that qualifies for derecognition in its entirety and retains the right to service the financial asset for a fee, it recognizes either a servicing asset or a servicing liability for that servicing contract.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognizes an associated liability which cannot be offset with the related asset. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

cur

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

If the Group's continuing involvement is in only a part of a financial asset, the Group allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the consideration received for the part no longer recognized is recognized in profit or loss.

3.3.1.5 Impairment of financial assets

The Group recognizes an allowance for expected credit losses (ECLs) for all financial assets which are measured at amortized cost. The Group assesses on a forward looking basis the expected credit losses associated with its financial assets. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

The Group recognizes in profit or loss, as an impairment loss (or reversal of impairment), the amount of expected credit losses (or reversal of impairment) that is required to adjust the loss allowance at the reporting date. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

3.3.1.6 Reclassification

When the Group changes its business model for managing financial assets, it reclassifies all affected financial assets accordingly. The Group applies the reclassification prospectively from the reclassification date.

In case of reclassification out of the amortized cost measurement category to fair value through profit or loss measurement category, fair value of the financial asset is measured at the reclassification date. Any gain or loss arising from a difference between the previous amortized cost and fair value is recognized in profit or loss.

In case of reclassification out of fair value through profit or loss measurement category to the amortized cost measurement category, fair value of the financial asset at the reclassification date becomes its new gross carrying amount.

In case of reclassification out of fair value through other comprehensive income measurement category to the amortized cost measurement category, the financial asset is reclassified at its fair value at the reclassification date. However, the cumulative gain or loss previously recognized in other comprehensive income is removed from equity and adjusted against the fair value of the financial asset at the reclassification date. The effective interest rate and the measurement of expected credit losses are not adjusted as a result of the reclassification.

In case of reclassification out of fair value through profit or loss measurement category to the fair value through other comprehensive income measurement category, the financial asset continues to be measured at fair value.

3.3.2 Financial liabilities

3.3.2.1 Initial recognition and measurement

Financial liabilities are recognized at the time when the Group becomes a party to the contractual provisions of the instrument and include trade and other payables, loans or borrowings and accrued mark up etc.

The Group does not reclassify any of its financial liabilities.

Financial liabilities at amortized cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed in profit or loss.

land

3.3.2.2 Subsequent measurement

The Group measures its financial liabilities subsequently at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit or loss. Difference between carrying amount and consideration paid is recognized in the statement of profit or loss when the liabilities are derecognized.

3.3.2.3 Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective of carrying amounts is recognized in the statement of profit or loss. The difference between the carrying amount of a financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in statement of profit or loss.

3.3.3 Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Group intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

3.4 Inventory

Inventory represents usable stores and spares and are valued principally on First in First Out Basis (FIFO) at lower of cost and net realizable value except for items in transit, while items considered obsolete, if any, are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

Net realizable value signifies the selling price in the ordinary course of business less estimated costs necessary to be incurred in order to make the

Spare parts of capital nature which can be used only in connection with an item of property and equipment are shown separately as capital spares and are carried at cost less accumulated impairment, if any.

3.5 Trade and other receivables

Trade and other receivables represent the Group's right and are initially recognized at an amount of consideration that is unconditional unless they contain significant financing component in which case they are recognized at fair value. The Group holds the trade debts with the objective of collecting the contractual cash flows and therefore measures the trade debts subsequently at amortized cost using the effective interest rate method. Deduction, if any, is made for doubtful receivables based on expected credit losses model. Bad debts are written off when identified. Provision for loss allowance on doubtful debts is charged to statement of profit or loss.

3.6 Provisions

A provision is recognized in the statement of financial position when the Group has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Provisions are not recognized for future operating losses.

3.7 Taxation - Levy and Income Tax

Income tax comprises current and deferred tax. Income tax is recognized in the statement of profit or loss except to the extent that relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.

3.7.1 Levy

In accordance with the Income Tax Ordinance, 2001, computation of final taxes is not based on taxable income. Therefore, as per IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes issued by the ICAP, these fall within the scope of IFRIC 21 / IAS 37 and accordingly have been classified as levy in these financial statements, except for taxes on dividends on the Group's investment in associates which are specifically within the scope of IAS 12 and hence these continue to be categorized as current income tax.

3.7.2 Current

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

ram

The charge for current tax is higher of corporate tax (higher of tax based on taxable income and minimum tax) and alternative corporate tax. However, in case of loss for the year, income tax expense is recognized as minimum tax liability on turnover of the Group in accordance with the provisions of the income Tax Ordinance, 2001. Super tax, if applicable, on the Group is calculated as per applicable tax rates as per Income Tax Ordinance, 2001.

Corporate tax is based on taxable income for the year determined in accordance with the prevailing laws of taxation. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Alternative corporate tax is calculated at 17% of accounting profit, after taking into account the required adjustments.

Current tax for current and prior year, to the extent unpaid, is recognized as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognized as an asset.

The Group offsets current tax assets and current tax liabilities if, and only if, it has a legally enforceable right to set off the recognized amounts and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.7.3 Deferred

to to be

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary timing differences arising from the difference between the carrying amount of the assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction neither affects accounting nor taxable profit or loss.

Deferred tax liabilities are recognized for all major taxable temporary differences.

Deferred tax assets are recognized for all major deductible temporary differences to the extent that it is probable that taxable profit will be available against which deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent of probable future taxable profit available that will allow deferred tax asset to be recovered.

Deferred tax is calculated at rates that are expected to apply to the year when the differences reverse based on the tax rates and tax laws that have been enacted or have been notified for subsequent enactment by the reporting date.

When different tax rates apply to different levels of taxable income, deferred tax assets and liabilities are measured using the average rates that are expected to apply to the taxable profit (tax loss) of the periods in which temporary differences are expected to reverse.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis; or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.8 Investments in associates

Children Children

Investment in associates where the Group has significant influence are measured at cost less impairment, if any, in the Group's financial statements and subsequently under equity method. At each reporting date, the recoverable amounts of investments are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense in the statement of profit or loss.

Investment in associates that have suffered an impairment are reviewed for possible reversal of impairment at each reporting date. Where impairment losses are subsequently reversed, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments.

The Group is required to issue consolidated financial statements along with its separate financial statements, in accordance with the requirements of IAS 27, 'Separate Financial Statements'.

4 to 1 300 - 1 to 2

within a set of the season of a

Cem

3.9 Cash and cash equivalents

Cash and cash equivalents are stated at cost. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash in hand, cash at banks in saving accounts which are free of encumbrances and book overdrawn balances, if any.

3.10 Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within short period. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

3.11 Contract liabilities / advance from customers

A contract liability is recognized if a payment is received from a customer before the Group transfers the related goods. Contract liabilities are recognized as revenue when the Group transfers control of the related goods to the customer.

3.12 Staff retirement benefits

The Group operates recognized provident fund scheme covering all its permanent employees. The employees become eligible under the scheme if they successfully receive confirmation about their permanent employment status which is usually after two to three months from the first day of their joining. Equal contributions @ 10% per month are made both by the Group and employees to the fund.

3.13 Contingent liabilities

A contingent liability is disclosed when there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group.

A contingent liability is also disclosed when there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

3.14 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date in an orderly transaction between market participants in the principal, or in its absence, the most advantageous market to which the Group has access at that date. There are three levels which are as under:

Level 1

The Group measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2

When there is no quoted price in an active market, the Group determines transaction price by applying valuation techniques. The chosen valuation technique incorporates all the factors that market participants would take into account in pricing a transaction. The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price i.e. the fair value of the consideration given or received.

Level 3

If the Group determines that the fair value at initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, the instrument is initially measured at fair value, adjusted to defer the difference between the fair value at initial recognition and the transaction price. Subsequently, that difference is credited or charged to the statement of profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is supported wholly by observable market data or the transaction is closed out.

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer.

3.15 Impairment of non-financial assets

Assets that are subject to depreciation or amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment losses on fixed assets that offset available revaluation surplus are charged against this surplus, all other impairment losses are charged to profit or loss. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Prior impairments of non-financial assets are reviewed for possible reversal at each reporting date. Where impairment loss is recognized, the depreciation / amortization charge is adjusted in future year to allocate the asset's revised carrying amount, less its residual value, over its remaining useful life. Any reversal of impairment loss of a revalued asset shall be treated as a revaluation increase.

(cum

3.16 Revenue recognition

Revenue is recognized in accordance by applying the following steps:

i) Identifying contract with a customer

ii) Identifying performance obligation in the contract

iii) Determining transaction price of the contract

iv) Allocating transaction price to each of the separate performance obligations in the contract

v) Recognizing the revenue when (or as) the Group satisfies a performance obligation

The Group recognizes revenue as follows:

Room maintenance services / Software services

Revenue is recognized when the Group has a right to invoice. Customers are invoiced on a monthly basis and consideration is payable within 10 days from the invoice date.

Finance lease

The Group follows the 'financing method' in accounting for recognition of finance lease. The total unearned finance income i.e. the excess of minimum lease payments over the cost of the leased asset is deferred and then amortized over the term of the lease, so as to produce a systematic return on the net investment in finance leases.

Return on MTS investments and fixed income securities

Return on MTS investments and fixed income securities is recognized on a time proportionate basis over the term of the investments that takes into account the EIR method.

Rental income

Rental income from investment property is recognized in profit or loss on a straight-line basis over the lease term.

Dividend income

Dividend income is recognized in the statement of profit or loss on accrual basis in case of cumulative preference shares and at the time dividend is declared in case of ordinary shares.

3.17 Operating segments

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Group's other components. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chief Executive Officer has been identified as the chief operating decision-maker that made strategic decisions and who is also responsible for allocating resources to the operating segments, assessing their performance and whose results are regularly reviewed by it based on the discrete financial information of each segment.

Segment results, assets and liabilities include items directly attributable to segment as well as those that can be allocated on a reasonable basis. Segment assets, consist primarily of investment property, trade and other receivables, investments in financial assets at FVPL, investment in associates, net investment in finance lease. Segment liabilities comprise of trade and other payables and exclude items that are common to all operating segments.

Transactions among the business segments are recorded at arm's length prices using admissible valuation methods. Inter segment transfers are eliminated from the total, if any.

The management has determined that the Group has two major reporting segments; Income from investment in strategic portfolios and rental & related income earned from the leased building owned by the Group, that reflect the management structure of the Group.

3.18 Related party transactions

Related parties comprise the parent Group, associated companies / undertakings, directors of the Group and their close relatives and key management personnel of the Group. Transactions in relation to revenue, purchases and services with related parties are made at arm's length prices determined in accordance with the Group's policy except for the allocation of expenses such as utilities, rental and common overheads shared with related parties, which are on actual basis.

Transactions with related parties are based on the transfer pricing policy that all transactions between the Group and its related parties are at arm's length prices using the comparable uncontrolled price method except in circumstances where it is in the interest of the Group to not to do so.

Law

3.19 Dividend distributions

Dividends to shareholders of the Group and appropriations other than statutory appropriations are recognized as a liability in the year in which these are approved.

3.20 Share capital

Ordinary shares are classified as equity. Share capital represents the face value of shares that have been issued. Any transaction costs associated with the issuance of shares are deducted from share capital, net of any related income tax benefits, if any. Retained earnings include all current and prior period profits.

3.21 Earnings per share

The Group presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing the profit or loss, as the case may be, attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. The Group does not account for the effect of potential ordinary shares while calculating dilutive loss per share in accordance with the requirements of the IAS 33 'Earnings per Share'.

3.22 Comprehensive income

and the second second

Comprehensive income is the change in equity resulting from transactions and other events, other than changes resulting from transactions with shareholders in their capacity as shareholders. Total comprehensive income comprises all components of profit or loss and other comprehensive income. Other comprehensive income comprises items of income and expense, including reclassification adjustments, that are not recognized in profit or loss as required or permitted by approved accounting standards.

4.1.2 During the year, fully depreciated assets included in the Property and Equipment having cost amounting to Rs. 28.172 million and carrying amount of Rs. 0.156 million have been written off (Note 29).

Kem

4.1.3 Measurement of fair values

The Group obtains an independent valuation for its freehold land and building (classified as property and equipment) every three to five years. The valuation is conducted by an independent valuer who is approved by Pakistan Banks' Association (PBA). Latest revaluation was carried out on June 30, 2024.

Valuation techniques

Freehold land

The valuer determined the fair value of freehold land based on the market comparable approach that reflects transaction prices for similar properties in the area. The key observable inputs under this approach are the price per square feet from current year sales of comparable lots of land in the area (location and size). Different valuation methods and exercises were adopted according to experience, location and other usage of freehold land. Valuer had also considered other relevant factors as well.

Building on freehold land

The valuer used a cost approach (i.e. current replacement values) for building on freehold land to arrive at the fair value. Construction specifications were noted for each building and structure and new construction rates were applied according to construction specifications for current replacement values. After determining current replacement values, depreciation was calculated to determine the current assessed market value.

The effect of changes in the observable inputs used in the valuations cannot be determined with certainty; consequently, a qualitative disclosure of sensitivity has not been presented in these financial statements.

4.1.4 Particulars of immovable property (i.e. land and building) in the name of Group are as follows:

Location / Address	Usage of immovable property	Total Area (Sq. ft.)	Covered Area (Sq. ft.)
19,Khayaban-e- Aiwan-e-lqbal, Lahore, Pakistan.	Land and Building	44,213	North Tower: 97,828 Sqft South Tower: 50,132 Sqft

4.1.5 Had the revaluation of these assets not been made, the carrying value of these assets as at the reporting date would have been as under:

		2025	2024
arman to a property	1724 1.42	Rs. in 00)0s
Freehold land Building on freehold land		1,059,660 96,154	1,059,660 101,215
		1,155,814	1,160,875

4.1.6 Forced sale value and assessed value of these fixed assets as at the date of revaluation (i.e. June 30, 2024) was as under:

	Forced sale value	Assessed sale vale
	Rs. ir	n 000s
Freehold land	944,782	1,111,508
Building on freehold land	235,425	276,970
to the control of the	1,180,207	1,388,478

Kom

4.1.7 On April 07, 1987 Lahore Stock Exchange (Guarantee) Limited ("LSE") purchased land measuring 8 kanals and 2 marlas from Lahore Development Authority (LDA). LSE obtained the possession of the land via LDA allotment letter dated June 04, 1987.

On August 25, 2015, Securities and Exchange Commission of Pakistan ("the Commission") via letter having refer # SMD/SE/2/(57)2002 directed demutualization of the stock exchanges in the country. Consequent to the approved scheme of integration of stock exchanges, LSE was granted Investment Finance Services ("IFS") license by the Commission on January 11, 2016 to operate as an IFS Non-Banking Finance Company ("NBFC") company under the name LSE Financial Services Limited ("LSEFSL").

On April 26, 2023, a scheme of arrangement was formulated and approved by the Honourable Lahore High Court under order no. 58175/2022 in which the business of LSEFSL was partially transferred to LSE Proptech Limited including the transfer of land and building of LSEFSL to LSE Proptech Limited.

As at the reporting, the legal title of the land is in the name of Lahore Stock Exchange (Guarantee) Limited; however, the land and buildings are in the possession of LSE Proptech Limited.

On April 03, 2024, LSE Proptech Limited has be merged into LSE Capital Limited as per the scheme of arrangement approved by Honourable Lahore High Court under order no. 78278/2023. The title of the land and building in possession of LSE Proptech Limited is ultimately transferred in the name of LSE Capital Limited.

2024

2025

4.1.8 The land and building is under the mortage of Cordoba Leasing Limited as security for long term finance facility obtained as disclosed in the Note 20.2 of these financial statements.

	LSE Ventures Limited - quoted	6.3	806,539	723,937
			1,065,510	896,024

- These companies are locally incorporated, with their country of incorporation / registration serving as their principal place of business. The Group has significant influence on associates through significant shareholding to its representation on the Board of Directors of investees and consequently investments have been treated as associates in accordance with requirements of IAS 28 'Investment in Associates'. Digital Custodian Company Limited (DCCL) is an unlisted public company hence its published price quotes are not available. The shares of LSE Ventures Limited (LSEVL) are listed on Pakistan Stock Exchange and its published price quotes is Rs. 5.75 per share. The shares of all the associated companies have a face value of Rs. 10 each.
- 6.2 DCCL was incorporated on February 12,1992 under the repealed Companies Ordinance, 1984. The Company converted its status from private limited company to unlisted public company on June 19, 2009. The principal objective of DCCL is to act as trustee of investment trust schemes, voluntary pension schemes and real estate investment trust schemes to provide custodian service and to act as transfer agent / share registrar of securities of listed and unlisted companies and mutual funds etc.
- 6.3 LSE Ventures Limited (the Company) was registered on July 18, 2022 under the Companies Act, 2017 (XIX of 2017) as a public unlisted company limited by shares. In June 2023, the Company obtained the listing status under the symbol "LSEVL" at Pakistan Stock Exchange as a result of demerger scheme approved on April 26, 2023 by the Honourable Lahore High Court, accomplished through a reverse merger with Data Textiles Limited.

7.1 The fair value of investment property is determined at the end of each year by independent suitably qualified valuer. The fair value of the investment property as at May 02, 2025 was performed by M/s Unicorn International Surveyors, who are independent valuers not related to the Group.

There are no level 1 and level 3 assets or any transfers between levels 1, 2 and 3 during the year.

The fair value was determined based on the market comparable approach that reflects recent transaction prices for similar properties/capitalization of net income method, where the market rentals of all lettable units of the properties are assessed by reference to the rentals achieved in the lettable units as well as other lettings of similar properties in the neighborhood. The capitalization rate adopted is made by reference to the yield rates observed by the valuers for similar properties in the locality and adjusted based on the valuers' knowledge of the factors specific to the respective properties.

There has been no change to the valuation technique during the year. In estimating the fair value of the properties, the highest and best use of the properties is their current use.

- During the year, the Group had disposed of 2,525,000 equity shares of Ensmile Limited, representing 16.67% ownership interest in the investee. The shares were sold to the original sponsors of the investee company at an agreed price of Rs. 71.29 per share.
- This represents amount invested through LSE Financial Services Limited in Marginal Trading System (MTS) and receives markup income net of 1% service charges and MTS charges. Investment in Margin Trading System of NCCPL is an undisclosed market of financees and financiers with a participation ratio of 85 to 15 carrying mark-up of KIBOR with spread of maximum upto 8% per annum. It carries mark-up at range of 20.38% to 23.19% per annum (2024: 24.15% to 35.16% per annum).
- 11.4 This represents Musharika Financing facility provided to Messrs. AG Publications (Private) Limited, through its Chief Executive Officer Mr. Iqbal Z. Ahmad, who is also a Chairman of Messrs. Pakistan Gas Port (PGP) Consortium Limited, out of the approved limit of Rs. 400 million, on a pre-agreed Profit-Sharing Rate (PSR) being not less than 6 months KIBOR+16%, or 2.5% per month whichever is higher, for revival of the company operating Jamshoro Joint Venture Limited (JJVL). It is recoverable in lump sum after the lapse of seven months from the date of disbursement of musharika financing whereas PSR is to be serviced on monthly basis. It is secured against pledge over 49,424,163 common shares of JJVL owned by Mr. Iqbal Z. Ahmad (Chief executive, director & major shareholder of JJVL) representing 51% of JJVL's voting share capital by way of a duly registered pledge charge with SECP, mortgage over the property owned by the daughter of Mr. Iqbal Z. Ahmad measuring 19 kanals and 12 marlas, situated at Bedian road, opposite DHA Phase-V, post-dated cheques signed by Mr. Iqbal Z. Ahmad for the repayment of monthly PSR and the lump sum amounts for encashment to secure the provided facility and confirmation letters from Messrs. PGP Consortium Limited (PGPCL) and Messrs. Pakistan Gas Port Limited (PGPL) for the payment of the future dividend (to be declared and disbursed by the company from time to time) in respect of the family members of Mr. Iqbal Z. Ahmad for the amount of facility provided.

10m

11.5 The breakup of advance amount is as under:

Investee Company	Class of Shares	Number of Shares	Ownership Interest in the investee	Advance (% of total consideration)	Advance disbursed (Rs. "000")
Jamshoro Joint Venture Limited (JJVL)	A-Class	9,691,012	10%	20%	30,615
Energy Resource Business Limited (BVI)	Ordinary	9,810	9.81%	20%	29,385
Total					60,000

- The Group entered into an agreement with Mr. Jamal Akbar Ansari, holding 10% equity stake in the Class-A shares of JJVL, for purchase of his entire shareholding in JJVL at an agreed consideration of Rs. 153.077 million comprising 9,691,012 ordinary shares @ of Rs. 15.80 per share. As mutually agreed, the Group has paid an advance to the party representing 20% of the consideration agreed. This transaction is materialized on August 11, 2025 and all the shares acquired under this arrangement have been transferred in the name of the Group on the same date.
- On June 20, 2025, the Group entered into a duly executed term sheet with Mr. Jamal Akbar Ansari holding 9.81% equity stake in the ordinary shares of Messrs. Energy Resource Business Limited (ERBL) whereby the investee holds 95% of the Class-B shares of JJVL. Under this arrangement, the Group has given an advance to the party representing 20% of the total purchase price of shares. Through this investment, the group indirectly holds 4.66% of ownership interest in JJVL. The shares of ERBL have been transferred in the name of Group on July 31, 2025.

- 23.1 This represents the balance payable to the above named party by the Group against purchase of its shares as per the duly executed term sheet previously entered into between Modaraba Al Mali and the said party which then becomes payable by the Group under the merger scheme dated April 03, 2024.
- 23.2 These represent amounts received under Ijarah Finance as security deposits transferred to the Group under the merger scheme, which were stated to be repayable / adjustable on the expiry of the Ijarah period. However, due to default by the counterparties in making payments due under the Ijarah finance facility, this balance is written back during the year being no more payable as it equates the amount of ijarah finance receivable by the Group under the contract from the counterparties who had already defaulted for their obligations towards the Group (Note 31).
- 23.3 This includes an amount of Rs. 7.386 million (2024: Rs. 7.386 million) that had been provided for by LSE Proptech Limited and has been transferred to the Group under the merger scheme against the legal case filed by the employees that were previously been employed by LSE Financial Services Limited as disclosed in Note 27.1 of these financial statements.

25.1 This short term loan facility was obtained from the Chief Executive / Director of the Group amounting to Rs. 100 million to meet its working capital requirements for the period of 6 months. It carried markup @ 30% per annum, payable monthly. It was repayable after 6 months in lump sum or in 6 equal monthly instalments at the beginning of each month succeeding the month of disbursement whereas the markup was to be serviced on monthly basis. It was secured against least pari passu charge in right and priority of payment with all its other present or future, actual or contingent, unsecured and unsubordinated obligations and liabilities, except for those obligations and liabilities mandatorily preferred by law of general application to companies. This facility was paid off in full during the year.

27 Contingencies and Commitments

27.1 Contingencies

The Group is contingently liable for the following:

- Certain employees had been reinstated and arrears / back benefits were paid in accordance with Labour Court Order, dated August 13, 2020. However, these employees filed fresh petitions for determination and recovery of back benefits from the LSE Proptech Limited which has now become due on the part of Group under the merger scheme. Under the circumstances, the Group incorporated a certain provision in the financial statements up to June 30, 2025 based on its best estimate. This case is pending adjudication until the terminal date. However, the Group expects a favourable outcome in the instant case.
- The Group has not recognized provision for Punjab Workers' Welfare Fund (PWWF) amounting to Rs. 6.130 million (2024: Rs. 1.591 million) on the pretext that it does not fall under the definition of industrial establishment as defined in Clause (d) of Section 2 of the Punjab Workers' Welfare Fund Act, 2019 nor does it employ any worker as defined in Clause (l) of Section 2 of the Act and Section 2 of the Punjab Industrial Relation Act, 2010.

27.2 Commitments

There is no commitment outstanding as at the reporting date (2024: Nil).

38 Financial Risk Management

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on having cost efficient funding as well as to manage financial risk to minimize earnings volatility and provide maximum return to shareholders.

Risk management is carried by the Board of Directors (the Board). The Board provides principles for overall risk management as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

38.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices. Market risk comprise three types of risk; foreign currency risk, interest rate risk, commodity price and equity price risk that will affect the Group's income or the value of its holdings of financial instruments.

Currency risk

Foreign currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates and arises where transactions are conducted in foreign currency. As there are no foreign currency receivables / payables of the Group, it is not exposed to currency risk (June 30, 2024: Nil).

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is not exposed to floating interest rate risk as its variable interest bearing liabilities exceeds its variable rate financial assets.

			2025	2024
The state of the s	Note	1 2	Rs. in 000s	
Financial assets Floating rate instruments				
Bank balances	15		41,298	191,912
Investment in Margin Trading System of NCCPL	11			17,644
Other receivables	12.3		32,596	4,427
Company of the State of the Company				-4 *.
Total Financial Assets - variable			73,894	213,983
Financial liabilities				
the first of the state of the s				
Floating rate instruments				
Payable to related parties			(103,404)	(88,338)
Net financial Assets			(29,510)	125,645

Cash flow sensitivity analysis for variable rate instruments

As at reporting date, if interest rates get 1% higher / (lower) with all other variables held constant, profit before taxation for the year would have been (lower) / higher by Rs. 0.295 million (2024: Rs. 1.26 million), mainly as a result of yield on floating investment based financial assets.

Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to individual financial instrument or its issuer or factors affecting all similar financial instrument traded in the market. The Group is exposed to price risk on account of its investments carried at fair value through profit or loss. At the reporting date, the Group has held investment in equity instruments amounting to Rs. 71.627 million (2024; Rs. 322.403 million).

Sensitivity analysis for financial assets at FVPL

As at reporting date, if fair value of equity investments increases / (decreases) by Rs. 1 with all other variables held constant, profit before taxation for the year would have been higher / (lower) by Rs. 9.12 million (2024: Rs. 15.303 million), mainly as a result of fair value fluctuation on PSX of the listed equity investments.

am

38.2 Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily sundry receivables) and from its investing activities, including deposits with banks and financial institutions, and other financial instruments.

As at the reporting date, the maximum exposure to credit risk is equal to the carrying amount of the financial assets as detailed below:

Financial Assets		2025	2024
Tituliotal Plassic	Note	Rs. in (000s
Net investment in finance lease	8	4,274	4,275
Long term deposits	9	2,719	548
Advances to employees - adjustable in cash	13	8,616	1,386
Financial assets	11	481,627	640,047
Trade and other receivables	12	55,118	42,160
Bank balances	15	41,298	191,912
- I I I I I I I I I I I I I I I I I I I		593,652	880,328

Credit Quality of Financial Assets

1 1

The management assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. The utilization of credit limits is regularly monitored. For banks and financial institutions, only independently rated parties with a strong credit rating are accepted.

The Group monitors the credit quality of its financial assets with reference to historical performance of such assets and available external credit ratings, if any.

The aging of trade debts from leaseholders and tenants and related impairment loss as at the reporting date is as under:

		2025	2024
		Rs. in	000s
Neither past due nor impaired		1 p. 5 100 to 100 to 100 to	-
Past due but not impaired			
0 -30 days		5,924	7,493
31 - 60 days		 3,153	1,508
61 - 90 days		1,528	1,386
> 91 days		4,943	5,773
Past due and impaired			
0 -30 days		261	-
31 - 60 days	7	1,365	228
91 - 120 days		1,264	199
> 91 days		18,243	19,055
Total Gross Amount Due		36,681	35,642

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer such as repayment behaviour, credit loss history and available securities etc. The management also considers other relevant factors that may influence the credit risk of its customer base, including the default risk associated with the customer. Majority of the Group's customers have been transacting with the Group for over five years, and only trivial customers' balances have been written off. In monitoring customer credit risk, customers are individually assessed according to their trading history and repayment behaviour with the Group.

The risk management committee has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Group's standard payment terms are offered.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables.

Kum

The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are operated in largely independent markets. The credit risk on liquid funds is limited because the counter parties are either banks (with reasonably high credit ratings) and trade receivables for which the exposure is spread over a large number of counter parties.

The credit quality of bank balances that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

			Rating				
			Short term	Long term	Agency	2025	2024
Bank Islamic Pakistan Limited			A-1	AA-	PACRA	322	62
Bank Al-Habib Limited		14	A-1+	AAA	PACRA	26,223	191,850
MCB Bank Limited	1.0		A-1+	AAA	PACRA	5,217	
Faysal Bank Limited			A-1+	AA	PACRA	9,536	
						41,298	191,912

'Other receivables include Rs. 32.596 million (2024: Rs. 4.427 million) receivable from related party namely; Digital Custodian Company Limited (DCCL), Rs. Nill (2024: Rs. 7.800 million) receivable from IGI Holdings Limited and Rs. 0.956 million (2024: Rs. 8.478 million) due from corporate entities that are financially sound and having strong financial track record and creditworthiness.

38.3 Liquidity risk

Liquidity risk represents the risk that the Group will encounter difficulties in meeting obligations associated with financial liabilities. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities. Due to dynamic nature of the business, the Group maintains flexibility in funding by maintaining committed credit lines available. The Group's liquidity management involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring critical liquidity ratios and maintaining debt financing plans. The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows:

Description	Carrying Amount	Contractual cash flows	Within 1 year	1-2 Years	2-5 Years	5 - 10 years

38.5 Fair value measurement

Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences may arise between the carrying value and the fair value estimates.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. Fair value is determined on the basis of objective evidence at each reporting date. The management believes that the fair values of financial and non-financial assets and financial liabilities approximate to their carrying amounts largely due to the short-term maturities of financial instruments.

Fair value hierarchy

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- inputs for the asset or liability that are not based on observable market data (level 3).

	2025			
	Level 1	Level 2	Level 3	Total
Financial assets - measured at fair value Investments in equity securities Non - financial assets - measured at fair value	71,627			71,627

Property and equipment		1,246,490		1,246,490
Investment property	-	392,122	•	392,122
	322,403	1,638,612		1,961,015

There were no transfers amongst levels during the year.

39 Capital Risk Management

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of its business. The Board of Directors monitors the return on capital employed, which the Group defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to shareholders.

The Group's objectives when managing capital are:

- a) to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- b) to provide an adequate return to shareholders.

The Group manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may, for example, adjust the amount of dividends paid to shareholders, issue new shares, if possible, selling surplus property and equipment without affecting the optimal operating level and regulating its dividend payout thus maintaining smooth capital management.

In line with the industry norms, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non current) less cash and cash equivalents. Total capital is calculated as equity, as shown in the statement of financial position, plus net debt.

The gearing ratio of the Group is as follows:

			2025	2024
		Note	Rs. in	000s
Total Debts (long term and short term)		39.1	70,451	196,734
Less: Cash and cash equivalents	100		(41,398)	(191,286)
Net Debt			29,053	5,448
Equity			3,166,191	2,970,870
Total capital employed			3,195,244	2,976,318
Gearing ratio	1		0.91%	0.18%

39.1 Total debts include lease liability, financial liabilities at amortized cost and loan from director.

41 Segment Reporting

41.1 Operating Segments

Management has determined the operating segments based on the information presented to the Chief Executive Officer of the Group for allocation of resources and assessment of performance. Reporting structure of the Group is based on this internal management reporting structure. The Group has two strategic divisions i.e. Strategic investments and rental, room maintenance & related services, which are its reportable segments. These divisions have different operations and were managed separately because they require different strategies.

Reportable segments	Operations
Strategic Investment	Fair value gain (realized / unrealized), share of profit from associates, return on loan and receivables, dividend income etc.
Rental, Room maintenance and related services	Rental income, room maintenance, parking charges, fair value gain on investment property etc.

Information about reportable segments

Information related to each reportable segment is set out below. Segment profit / (loss) before levy and tax is used to measure performance because management believes that this information is the most relevant in evaluating the results of the respective segments relative to other entities that operate in the same industries.

Segment results and assets include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

		2025	
	Strategic Investments	Rental, Room maintenance and related services	Total

4.1.1.4 FURTHER RESOLVED THAT approval be and is hereby accorded to replace Clause V of the Memorandum of Association and Clause 6 of the Articles of Association of the Company as follows:

CLAUSE V OF THE MEMORANDUM OF ASSOCIATION:

"V: The Authorized capital of the Company is Rs. 2,500,000,000/- (Rupees Pak. Two Thousand Five Hundred Million only) divided into 400,000,000 (Four Hundred million) Ordinary shares of Rs. 5/- (Rupees Five) each and 100,000,000 Preference Shares of Rs. 5/- each having such preferential, redemption, conversion, deferred, qualified or special rights, privileges or conditions as provided in the Articles of Association of the Company or in accordance with the Companies Act, 2017."

CLAUSE 6 OF THE ARTICLES OF ASSOCIATION:

"Share Capital:

- 3. The Authorized Capital of the Company is Rs. 2,500,000,000 (Rupees Two Thousand Five Hundred Million only) divided into 400,000,000 (Four Hundred Million) Ordinary Shares of Rs. 5/- each and 100,000,000 (One Hundred Million) Preference Shares of Rs. 5/- each."
- **4.1.2** Offering of Optional Payout Structure to the Shareholders:
 - **4.1.2.1** "RESOLVED THAT the approval be and is hereby accorded for the addition of the following new clauses (Articles) as Articles 80A, 80B, 80C and 80D in the Articles of Association of the Company and the renumbering of all of the next clauses (Articles) accordingly:
 - "80A Subject to the Companies (Further Issue of Shares) Regulations, 2020, the Company shall have the power to issue bonus shares of any class out of any reserve(s) of any kind from time to time, and the decision of the Board to issue bonus shares, once announced, shall not be varied, postponed, withdrawn or cancelled.
 - 80B The Company shall also have the power to implement an optional payout structure whereby a shareholder may be asked to either opt for receiving cash dividend or equity dividend (as fully paid bonus shares). The Board of Directors shall have the power to determine the price/value and procedure for such optional bonus shares.
 - 80C A shareholder choosing optional bonus will forgo his/her/their right to cash dividend whereafter the Company shall issue and credit such number of bonus shares which equals the value of cash payout (dividend) for the relevant period.
 - 80D No Dividend shall be paid otherwise than out of profits of the year or undistributable profits. However, bonus shares shall be paid from any reserves including capital reserves."
 - **4.1.2.2** "RESOLVED FURTHER THAT with the insertion of the above clause (article), all of the next clauses (articles) shall be renumbered accordingly."
- **4.2** Transactions with associated companies/related parties (under Section 199 of the Companies Act, 2017):
 - **4.2.1** "RESOLVED THAT the approval be and is hereby accorded to fix the upper limit of the Company's investments/financing with associated companies/related parties with the condition that any investment (against equity on market price/right shares subscription/initial capital, as the case may be) shall not exceed PKR 600 Mn, and any advance/financing/loan shall not be below the rate of six (6) months KIBOR+1%. Similarly, any disposal of the already held equity or divestment

- from any associated company shall not be less than the market price or the value certified by a firm of Chartered Accountants."
- **4.2.2** "FURTHER RESOLVED THAT in light of the above, the Board of the Company be and is hereby authorized to approve transactions with associated companies / related parties, which may be carried out during the financial year ending June 30, 2026."
- **4.2.3** "FURTHER RESOLVED THAT all transactions with associated companies / related parties shall be placed before the shareholders for ratification in the subsequent general body meetings."
- **4.2.4** "RESOLVED THAT the related party transactions as provided in the relevant notes of the accounts for the period ended June 30, 2025, be and are hereby approved/ratified."
- **4.3** Authorizing the Company Secretary to implement all special resolutions passed in AGM:
 - **4.3.1** "RESOLVED THAT the Company Secretary, be and is hereby authorized to take all necessary steps and execute all necessary documents towards fulfillment of all legal and corporate requirements involved, and to file all requisite documents with the Securities and Exchange Commission of Pakistan, as may be necessary or expedient for the purpose giving full effect to and implementing the letter, spirit and intent of the foregoing resolutions."

The members are requested to refer to the notes enclosed with these agenda papers.

In addition to dispatch of this notice to the shareholders, this is also being placed on the Company's website (http://www.lse.com.pk).

Issued under the authorization of the Board of Directors of:

-Sd-

Muhammad Sajjad Hyder Company Secretary (sajjad@lse.com.pk)

The members are requested to notify any change in their address and contact details, as well as the attested photocopy of their valid CNICs, in case of the book entry securities in CDS to their respective participants and in case of physical shares to the registrar of the Company, by quoting their folio numbers and name of the Company at the below mentioned address of the Company's Share Registrar, if not earlier notified/submitted:

M/s F.D Registrar Services (Pvt.) Limited 17th Floor, Saima Trade Tower - A, I.I. Chundrigar Road, Karachi

Statement of Material Facts Under Section 134(3) Of The Companies Act, 2017

The statement sets out the material facts pertaining to the special business items to be transacted at the Annual General Meeting of the Company to be held on Thursday, November 27, 2025.

SPECIAL BUSINESS:

Agenda Item # 4: Approval of Special Resolutions

- **4.1** The proposed changes in the Memorandum/Articles of Association of the Company are being made to implement the followings:
 - **4.1.1** Stock split by reducing par/nominal value of the share of the Company from Rs. 10.00 to Rs. 5.00 per share pursuant to the Section 85 of the Companies Act, 2017 the approval of the shareholders for subdivision of the authorized capital of LSE Capital Limited ("the Company") from Rs. 2,500,000,000/- divided into 200,000,000 ordinary shares of Rs. 10.00 each and 50,000,000 Preference Shares of Rs. 10/- each to Rs. 2,500,000,000/- divided into 400,000,000 Ordinary shares of Rs. 5.00 each and 100,000,000 Preference Shares of Rs. 5/- each. Accordingly, the relevant clauses will be updated as per the above change.
 - **4.1.2** To implement an optional payout arrangement for the benefit of investors. The Company can only offer an optional payout arrangement if the Articles of Association of the Company contain such provisions. The idea behind this change is that in future, the Company will pay either the cash dividend or in-kind dividend to the shareholders. Only those opting for the issuance of bonus shares will be given bonus shares equal to the cash payout. Rest of the shareholders shall be provided cash dividend.
- **4.2** This agenda relates to the transactions with associated companies/related parties [under Section 199 of the Companies Act, 2017 as well as Regulation 5(5) of the Companies (Investment in Associated Companies or Associated Undertakings) Regulations, 2017].

In pursuance to Regulation No. 3 (3) of the Companies (Investment in Associated Companies or Associated Undertakings) Regulations, 2017 under SRO 1240(1)/2017 dated 6 December 2017, the directors of the Company have carried out due diligence for the proposed investment in its associated company/associated undertakings before sending this recommendation for the member's approval.

Moreover, the transactions conducted with the related parties have to be approved by the Board of Directors duly recommended by the Audit Committee on quarterly basis pursuant to clause 15 of Listed Companies (Code of Corporate Governance) Regulations, 2019. in order to promote transparent business practices, the shareholders are to authorize the Board of Directors to approve transactions with the related parties from time-to-time on case-to-case basis during a year. Accordingly, these transactions are being placed before the shareholders in this meeting for their formal ratification.

All transactions with related parties to be ratified have been disclosed in the notes to the financial statements to the financial statements for the year ended June 30, 2025. The Company carries out transactions as per the approved policy with respect to 'transaction with related parties in the normal course of business. The nature of relationships with these related parties has been indicated in the relevant notes of the account. The Directors are interested in the resolution only to the extent of their shareholding and having their common directorships in such related parties.

Similarly, the Company shall be conducting transactions with its related parties during the year ending on June 30, 2026, as per the approved policy with respect to 'transactions with related parties' in the normal course of business. In order to promote transparent business practices, the shareholders are required to authorize the Board of Directors to approve transactions with the related parties from time-to-time and on case-to-case basis for the year ending on June 30, 2026, which transactions shall be deemed to be approved by the Shareholders These transactions shall be placed before the shareholders in the next AGM for their formal approval/ratification.

Note: None of the Directors of the Company have any direct or indirect interest in this special business except to the extent of their respective shareholding in the Company.
